Since last publication the following places have been admitted into the General Postal Union, but, as the postage is different from that to the places that originally comprised the Union, the Tables of Foreign and Colonial postage ought to be consulted—Bermuda, British Guiana, Ceylon, Hong Kong, India, Jamaica, Labuan, Mauritius, Straits Settlements, and Trinidad. Post Cards can be sent for a postage of 3d. and 4d. each according to the route, viz.—3d. per British Packet, 4d. via Brindisi.

For charges beyond ordinary rates on Letters not wholly prepaid, see Table of Colonial and Foreign Postages.

**ORDINARY RATES OF POSTAGE AND  
CONDITIONS OF TRANSMISSION.**

**(1.) Inland Letters.\***

1. The rates of postage when prepaid are as follows:—

For a letter not above 1 oz. †	-	-	1d.
“ above 1 oz. but not above 2 oz.	1½d.		
“ “ 2 oz.	“	4 oz.	2d.
“ “ 4 oz.	“	6 oz.	2½d.
“ “ 6 oz.	“	8 oz.	3d.
“ “ 8 oz.	“	10 oz.	3½d.
“ “ 10 oz.	“		4d.

A letter above the weight of twelve ounces is liable to a postage of one penny for every ounce, beginning with the first ounce. Thus, a letter weighing between fourteen and fifteen ounces must be prepaid 1s. 3d.

2. A letter posted unpaid is chargeable on delivery with double postage; and a letter posted insufficiently prepaid is chargeable with double the deficiency.

3. No letter may be above eighteen inches in length, nine inches in width, or six inches in depth, unless it be sent to or from one of the government offices.

**(2.) Colonial and Foreign Letters.**

1. The rates of postage on letters to the colonies and foreign countries will be found in the Table of Colonial and Foreign Postage.

2. To some countries prepayment of the postage is compulsory. Where this is the case, the fact is indicated in the Table of Colonial and Foreign Postage by the letter “c” prefixed to the rates of postage; prepayment being in all other cases optional.

3. To some countries the whole of the postage cannot be prepaid; and where this is the case, the letter “a” is prefixed to the rates in the Table of Colonial and Foreign Postage, to indicate that an *additional* charge is levied on delivery.

4. A letter posted unpaid, or paid only in part, directed to go by a route by which prepayment is compulsory, is sent to the Returned Letter Office, to be sent back to the writer, unless there is another route by which prepayment is not required; in which case the letter is sent by the latter route. Letters, however, for Australia and New Zealand (even though the prepayment be insufficient), if prepaid as much as *one rate*, are not detained, but are forwarded charged with the deficient postage and an *additional rate*.

5. A letter posted insufficiently prepaid for a place to which prepayment is optional is sent forward charged; the value of the stamps, however, being, as a rule, taken into account.

6. The following are the charges made on delivery at the under-mentioned places upon letters posted unpaid (wholly or in part):— ‡

\* Inland letters are those which pass between places in the United Kingdom, including the Isle of Man, the Orkney, Shetland, Scilly, and Channel Islands.

† If the weight be exceeded to the smallest extent, even though the balance be merely turned, the letter becomes liable to a higher postage. The same rule applies to letters going abroad. To provide, therefore, for errors in scales, &c., it is well to allow a little margin, or to pay the postage of the next greater weight.

‡ See also the column headed “Charge beyond ordinary rate, &c.,” in the Table of Colonial and Foreign Postage.

7. The same rates are chargeable in this country upon unpaid or insufficiently paid letters received from the above-named places, with the exception that letters from China are charged the prepaid rate only.

8. No letter for any colony or foreign country may be above two feet in length or one foot in width or depth.

*Routes.*

9. Letters not specially directed by a particular

route are forwarded by the route immediately following the name of the place in the Table of Colonial and Foreign Postage.

#### Exceptions.

§ 1. Letters for Aden and India are sent by the first mail despatched by British Packet either via Brindisi or via Southampton, according to the route indicated by the postage; letters for Borneo, Ceylon, China, Japan, Java, Labuan, Philippine Islands, and Singapore are sent by the first packet, whether British or French, according to the route indicated by the postage.

§ 2. Letters for Canada posted after the despatch of the mail by Canadian Packet on Thursday, are forwarded via the United States by the next following Packet to New York.

§ 3. Letters, &c., for New Brunswick, Nova Scotia, and Prince Edward Island, posted after the despatch of the mail via Halifax, are forwarded by the Canadian Packet.

§ 4. Letters for the Argentine Confederation and Uruguay are sent in the first mail despatched by British or French Packet after the time of posting. Those for Brazil, Hayti, the United States of Colombia, and Venezuela are sent by the first packet via Southampton, or via Liverpool; those for Cuba are sent in the mail via France, if that be the first mail despatched after the time of posting; and those for Mexico by the first packet via Southampton, via Liverpool, or via France.

10. Letters, &c., for Brazil, Monte Video, Peru, Bolivia, and Chili, if specially directed "by *Supplementary Mail via Bordeaux*," and posted in time for despatch from London by the Day Mail of Friday, will in due course overtake at Bordeaux the Packet despatched from Liverpool on the previous Wednesday. The postage via Bordeaux is the same as via Liverpool.

11. Letters for such places in Turkey and Asia Minor as have no Austrian Post Office should be addressed to the care of an agent residing in the nearest port at which an Austrian Post Office has been established.\* It is recommended also that any letters for Erzeroum and other parts of the interior of Armenia, or for Persia, be addressed to the care of some agent at Samsoun or Trebizond, to be forwarded to their destination. Letters for places in the Persian Gulf are forwarded via Bombay if specially directed by that route, and prepaid the rates of postage for Bombay.

12. Letters for Russia should have the name of the town added in English, French, or German; and they should bear as a part of their address the name of the province or government in which they are situated. In addressing all letters, &c., for Russia the name of the place of destination, as well as the government in which such place is situated, must be correctly given and plainly written. If these conditions be not complied with the Russian Post Office

declines to undertake the delivery of the correspondence.

#### (3.) Inland Newspapers.

1 Under the "Post Office Act, 1870," any publication fulfilling the conditions hereafter named can, upon payment of an annual fee of 5s., be registered at the General Post office to pass within the United Kingdom as a newspaper for a postage of one halfpenny. Without such registration no newspaper is entitled to be sent through the post at less than the book rate of postage.

##### 2. Definition of a newspaper:—

§ 1. The publication must consist wholly or in great part of political or other news, or of articles relating thereto, or to other current topics, with or without advertisements.

§ 2. It must be printed and published in the United Kingdom, must be published in numbers at intervals of not more than seven days, and must be printed on a sheet or sheets unstitched.

§ 3. The full title and date of publication must be printed at the top of the first page, and the whole or part of the title and the date of publication at the top of every subsequent page; and this regulation applies to "Tables of Contents" and "Indices."

##### 3. Definition of a supplement.

§ 4. A supplement must consist wholly or in great part of matter like that of a newspaper, or of advertisements, printed on a sheet or sheets, or on a piece or pieces of paper, unstitched; or wholly or in part of engravings, prints, or lithographs illustrative of articles in the newspaper. The supplement must in every case be published with the newspaper, and must have the title and date of publication of the newspaper printed at the top of every page; or, if it consists of engravings, prints, or lithographs at the top of every sheet or side.

4. Registration for inland circulation includes registration for transmission abroad.

5. For each inland newspaper, whether posted singly or in a packet, the postage, when prepaid, is one halfpenny; but a packet containing two or more registered newspapers is not chargeable with a higher rate of postage than would be chargeable on a book packet of the same weight, viz., one halfpenny for every 2 oz. or part of that weight.

6. A newspaper posted unpaid, or a packet of newspapers posted either unpaid or insufficiently paid, is treated as an unpaid or insufficiently paid book packet of the same weight.

7. The postage must be prepaid either by an adhesive stamp, or by the use of a stamped wrapper.

8. No newspaper can now be sent through the post a second time for the original postage. For each transmission a fresh postage is required.

9. Every newspaper must be posted either without a cover (in which case it must not be fastened, whether by means of gum, wafer, sealing wax, postage stamp, or otherwise) or in a cover entirely open at both ends, so as to admit of easy removal for examination.\* If this rule be infringed, the newspaper is treated as a letter.

\* Austrian Post Offices have been established at Adrianople, Antivari, Beyrout, Bourgas, Caïra, Candia, Canea, Cavalla, Chio (Tchesme), Constantinople, Dardanelles, Déde-Agatsch, Durazzo, Gallipoli, Ineboli, Jaffa, Janina, Jerusalem, Kustendjie, Lagos, Larnaka, Mitylene, Philippopol, Piatra, Prevesa, Retimo, Rhodes, Rutschuk, Salonica, Samsoun, Santi Quaranta, Seres, Smyrna, Sofia, Suhna, Tchernavoda, Tenedos, Trebizond, Tultscha, Valona, Varna, Volo, Widdin.

\* In order that no failure may occur in the delivery of newspapers through the covers becoming detached, it is recommended that the addresses be written on exposed parts of the newspapers themselves as well as on the covers.

10. Every newspaper must be so folded as to admit of the title being readily inspected.

11. A newspaper, or packet of newspapers, which contains any enclosure except supplements, is charged as a letter, unless the enclosure be such as might be sent at the book rate of postage, and the entire packet be sufficiently prepaid as a book packet, in which case it is allowed to pass.

12. A newspaper which has any letter, or any communication of the nature of a letter, written in it or upon its cover, is charged as an unpaid or insufficiently paid letter.

13. No packet of newspapers may be above 14 lbs. in weight, nor above two feet in length, one foot in width, or one in depth.

#### (4.) Colonial and Foreign Newspapers.

1. The rates of postage to the colonies and foreign countries on newspapers registered for transmission abroad will be found in the Table of Colonial and Foreign Postage. Each newspaper is liable to a separate rate of postage, whether sent singly or in a packet, and if above 4 oz. in weight it is liable to two rates of postage; and so on.

2. The conditions of registration for transmission abroad are the same as those for inland transmission; excepting that for foreign transmission a newspaper may be published at intervals of *thirty-one days*; and that it may be printed (but not its supplement) on sheets stitched together. Moreover, prices current and market reports (but not private price lists or trade catalogues) may be registered as newspapers for foreign transmission, provided that they be published at intervals not exceeding thirty-one days.

3. The postage, *which must be prepaid*, cannot be paid in money.

4. All publications registered for transmission abroad *must be posted within eight days from the day of publication*, including that day; and any newspaper posted more than eight days after the date of publication, as well as any unregistered publication, must be prepaid at the book rates of postage.

5. The collected numbers issued during the month of a weekly or fortnightly publication are not allowed to pass as a monthly publication.

6. Every newspaper must be posted either without a cover (in which case it must not be fastened, whether by means of gum, wafer, sealing-wax, postage stamp, or otherwise) or in a cover entirely open at both ends, so as to admit of easy withdrawal for examination.

7. Every newspaper must be so folded as to admit of the title being readily inspected.

8. No newspaper, whether posted singly or in a packet, may contain any enclosure except the supplement or supplements belonging to it.

9. There must be no writing or other marks on a newspaper sent abroad but the name and address of the person to whom it is sent; nor anything on the cover but such name and address, the printed title of the publication, the *printed* name and address of the publisher or vendor who sends it, and words indicating the date on which the subscription to the newspaper will end.

10. No packet of newspapers may be above two feet in length or one foot in width or depth. The limit of weight, which is not the same to all countries, is in each case shown in the Table of Colonial and Foreign Postage.

#### (5.) Inland Book Post.

1. The postage is one halfpenny for every 2 oz. or part of that weight.

2. A packet posted wholly unpaid is charged with double the book-postage; and if posted partially prepaid, with double the deficiency.

3. A book-packet may contain any number of separate books or publications, photographs (not on glass or in cases containing glass or any like substance), drawings, prints, or maps, and any quantity of paper, or any other substance in ordinary use for writing or printing upon; and the books or other publications, prints, maps, &c., may be either printed, written, engraved, lithographed, or plain, or any mixture of these. Further, all legitimate binding, mounting, or covering of a book, &c., or of a portion thereof, is allowed, whether such binding, &c., be loose or attached; as also rollers in the case of prints or maps, markers (whether of paper or otherwise) in the case of books, pens or pencils in the case of pocket-books, &c., and, in short, whatever is necessary for the safe transmission of such articles, or usually appertains thereto; but the binding, rollers, &c., must not be sent as a separate packet.

*Circulars*—i.e., letters which, according to internal evidence, are being sent in identical terms to several persons, and the whole or greater part of which is printed, engraved, or lithographed—may also be sent by book post.

4. But a book-packet may not contain any letter, or communication of the nature of a letter\* (whether separate or otherwise), unless it be a circular letter; nor any enclosure sealed or in any way closed against inspection; nor any other enclosure not allowed by Rule 3. If this Rule be infringed, the entire packet is charged as a letter.†

5. A book-packet may be posted either without a cover (in which case it must not be fastened, whether by means of gum, wafer, sealing wax, postage stamp, or otherwise), or in a cover entirely open at both ends, so as to admit of the contents being easily withdrawn for examination; ‡ otherwise it is treated as a letter. For the greater security of the contents, however, it may be tied at the ends with string; Postmasters being authorised to cut the string in such case, although if they do so they must again tie up the packet.

6. No Book-packet may be above 5 lbs., nor above 1 ft. 6 in. in length, 9 in. in width, or 6 in. in depth, unless it be sent to or from one of the Government Offices.

7. When, owing to a great and unusual influx of letters, books, &c., the transmission or delivery of the letters would be delayed if the whole mail were dealt with without distinction, book-packets may be kept back till the next despatch, or delivery.

#### (6.) Abuse of the Halfpenny Book Post.

It seems to be but imperfectly understood, that there is no legal way of sending a letter, other

\* Entries merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter.

† It is the duty of Postmasters, whenever they have ground for suspecting an infringement of any of the above conditions, and occasionally even when there is no ground for suspicion, to open and examine book-packets posted at, or passing through, their office.

‡ In order to secure the return of book-packets which cannot be delivered, the names and addresses of the senders should be printed or written *outside*; thus "From \_\_\_\_\_ of \_\_\_\_\_."

than a circular letter, through the post for a postage of a halfpenny, except by means of a post card.

A notion appears to prevail that, because a post card, which is open to inspection, may have a letter written or printed upon it, any card whatever, and even any piece of paper, if only it be placed in an open wrapper, may be sent through the post with a letter written or printed upon it for a postage of a halfpenny.

It seems necessary, therefore, to explain for the guidance of the public—

1. That the letter rate of postage must be prepaid for any communication of the nature of a letter, whether it be placed in a closed envelope or in an open cover, unless a post card be used for the purpose, or unless the letter be a circular letter, *i.e.*, a letter having internal evidence that it is intended for transmission in identical terms to several persons, and the whole or greater part of which is printed, engraved, or lithographed.

2. That cards having merely a halfpenny adhesive stamp affixed to them must not bear any communication of the nature of a letter, unless it be a circular letter.

Large numbers of letters, not being circular letters, are from time to time found in halfpenny wrappers, contrary to the express provisions of the book post; and, as the officers of the department are instructed to surcharge all such letters with additional postage, it will save not only trouble to the Post Office but annoyance to the public, if care be taken always to pay letter postage for letters other than circular letters, unless they be written or printed on post cards.

#### (7.) *Inland Card Post.*

1. Post Cards, whether official or private, having a halfpenny stamp impressed upon them (adhesive stamps not being accepted in payment of the postage), may be transmitted between places in the United Kingdom with letters written upon the back.

2. The official "stout" Post Cards are sold at the rate of 8d. for 12 cards, or 4d. for 6 cards, the "thin" cards are sold at the rate of 7d. for 12 cards, or 3½d. for 6 cards. Neither the "stout" nor the "thin" cards are sold singly.

3. The front (or stamped) side is intended for the address only, in addition to the printed words "Post Card" and "The address only to be written on this side." There must be nothing else written, printed, or otherwise impressed on it, nor must there be any writing or printing across the stamp. On the reverse side any communication, whether of the nature of a letter or otherwise, may be written or printed. Nothing whatever may be attached; nor may the card be folded, cut, or otherwise altered. If any one of these rules be infringed, the card will be charged 1d. on delivery.

4. When, owing to a great and unusual influx of letters, books, &c., the transmission or delivery of the letters would be delayed if the whole mail were dealt with without distinction, Post Cards (unless paid for and posted as late letters) may be kept back until the next despatch or delivery.

5. No card other than one of those issued by the Government, or a private card impressed with a halfpenny stamp at the Office of Inland Revenue, Somerset House, or at the Stamp Office at Liverpool or Newcastle-on-Tyne, will pass under a halfpenny stamp, if it bear on it a written communication of the nature of a letter.

5. For information as to the conditions under which private cards are impressed with a halfpenny stamp, application must be made to the Office of Inland Revenue.

#### (8.) *Foreign Card Post.*

Foreign Post Cards with an impressed stamp of 1½d. each are sold at that rate. Such cards may be sent without extra charge to the countries comprised in the General Postal Union, with the exception of British India and the French Colonies. Cards sent to the French Colonies are liable to additional postage—*vide* column G in tables of Colonial and Foreign Postage.

#### (9.) *Articles not allowed to be sent by Post.*

1. It is forbidden to forward by post any indecent or obscene print, painting, photograph, lithograph, engraving, book or card, or any other indecent or obscene article, or any letter, newspaper, publication, packet, or card having thereon any words, marks, or designs of an indecent, obscene, libellous, or grossly offensive character. Anything posted contrary to this prohibition will be stopped and sent to the Returned Letter Office.

2. Postmasters are instructed not to receive any letter which there is good reason to believe contains anything likely to injure the contents of the mail bag, or to do bodily harm to any officer of the Post Office. If such a packet be posted without the Postmaster's knowledge, or if at any time before its despatch he should discover any such packet, he is directed not to forward it, but to report the case, with the address of the packet, to the Secretary. The following are examples of the articles referred to:—

A glass bottle, or glass in any form; leeches, game, fish, meat, fruit, or vegetable; bladders or other vessels containing liquids; gunpowder, lucifer matches, or anything which is explosive or liable to sudden combustion; razors, scissors, needles, forks, or other sharp instruments are also forbidden, except when sent in packets of samples to the foreign countries mentioned in Rule 6, Section 7.

3. According to the regulations of Germany, no letter exceeding 250 grammes in weight (a little more than 8½ oz.), can, if containing any other enclosure than paper, be allowed to circulate by the post. Any such letters, therefore, forwarded in the Mail to Germany, will be liable, on their arrival at the German frontier, to be stopped, and sent to the Custom House for delivery as *freight*.

4. The transmission of letters containing gold or silver money, jewels, or precious articles, or any thing liable to Customs duties, through the post to any country of the General Postal Union is forbidden. The laws of Costa-Rica and Peru also forbid the transmission by the post within those countries of letters or other packets containing coin, watches, jewellery, or other articles of value which are liable to Customs duties; and any such packets, if forwarded, are liable to confiscation. Packets containing jewellery or other articles of value for the Cape of Good Hope, Canada, and Queensland, are liable to be detained and not delivered to the addressees until the Customs duties have been paid. And letters or packets containing jewellery (which is liable to Customs duties) sent through the post to Victoria (Australia) are liable, with their contents, to be forfeited.

(10.) *Colonial and Foreign Book Post.*

1. The rates of postage on book-packets to the colonies and foreign countries are given in the table of Colonial and Foreign Postage.

2. Every book-packet must be posted either without a cover (in which case it must not be fastened, whether by means of gum, wafer, sealing wax, postage stamp, or otherwise), or in a cover entirely open at both ends, so as to admit of the contents being easily withdrawn for examination; otherwise it is treated as a letter. For the greater security of the contents, however, it may be tied at the ends with string, postmasters being authorized to cut the string in such cases, but required to retie the packet.

3. The limit of size for a book-packet addressed to any place abroad is 24 inches in length and 12 inches in width or depth. For limit of weight see foot note to Tables of Colonial and Foreign Postage.

4. Whatever is allowed under Rule 3, Section V., to be sent in an inland book-packet may be sent in a book-packet to places abroad, except that water-colour drawings are not allowed to be sent in a book-packet to France or Algeria.

No writing or manuscript mark, however, beyond the name and address of the person to whom it is sent is admissible in or upon a packet forwarded via France to the Argentine Confederation, Bolivia, Chili, Cuba, Ecuador, Hayti, Mexico, Paraguay, Peru, Porto Rico, St. Thomas, Uruguay, United States of Colombia, or Venezuela.

(11.) *Colonial and Foreign Pattern and Sample Post.*

1. There is a Pattern and Sample Post to such colonies and foreign countries as are marked in the Table of Colonial and Foreign postage with the letter "P"; but it is restricted to *bona fide trade patterns or samples of merchandise*. Goods sent for sale, or in execution of an order (however small the quantity may be), or any articles sent by one private individual to another which are not actually patterns or samples, are not admissible.

2. The rates of postage are the same as for book-packets.

3. Patterns or samples, when practicable, must be sent in covers open at the ends, and in such a manner as to be easy of examination.\* But samples of seeds, drugs, and such like articles, which cannot be sent in covers of this kind—but such articles only—may be posted enclosed in boxes, or in bags of linen or other material, fastened in such a manner that they may be readily opened; or, in the case of samples of seeds, &c., for the United States of America, Holland and its possessions, Belgium, Denmark, Greece, Portugal and its possessions, and Switzerland, in bags entirely closed, provided such closed bags are transparent, so as to enable the Officers of the Post Office readily to satisfy themselves as to the nature of the contents.

4. There must be no writing or printing upon or in any packet except the address of the person for whom it is intended, the address of the sender, a trade mark or number, and the price of the articles.

\* In order to secure the return of Pattern Packets which cannot be delivered, the names and addresses of the senders should be printed or written *outside*; thus, "From \_\_\_\_\_ of \_\_\_\_\_."

5. Samples of intrinsic value must not be sent to any foreign country, to India or Canada; and in the case of France, samples of eider down, raw or thread silk, woollen or goats' hair thread, vanilla, saffron, carmine, or isinglass, are considered to fall under this rule if they weigh more than three ounces; and up to this weight raw and spun silk, as well as coloured and twisted silk, may be sent to Germany.

6. Such articles as scissors, knives, razors, forks, steel pens, nails, keys, watch machinery, metal tubing, pieces of metal or ore, provided that they be packed and guarded in so secure a manner as to afford complete protection to the contents of the mail bags and to the Officers of the Post Office, while at the same time they may be easily examined, may be sent as samples to places abroad, except France, and countries via France. Indigo cannot be sent to any place abroad.

7. The limit of weight is not the same to all countries. For particulars, see foot note to Tables of Colonial and Foreign Postage.

8. A packet of patterns or samples sent to any place abroad must not exceed 24 inches in length, or 12 inches in width or depth.

(12.) *Indian Parcel Post.*

1. Persons wishing to send parcels to any part of British India can do so through the Indian Parcel Post Agency—established under authority of the Director-General of the Post Office of India—at 122 Leadenhall Street, E.C., and (Branch Office) at 25 Cockspur Street, S.W.

2. The charge for parcels is 1s. per lb., or fraction of a lb. (prepayment optional), covering transit from London to destination in India. Insurance may be effected, if desired, at the rate (to be prepaid) of 1s. up to £3 value, 2s. 6d. up to £10 value, and 5s. up to £20 value. Indian Customs duty (if chargeable) will be realized from the addressee.

3. The maximum weight, size, and value of a parcel are:—weight, 50 lbs.; size, 2 feet long by 1 foot broad, and 1 foot deep; value, £20.

4. The following are forbidden contents:—Jewellery, watches, precious stones, liquids, or articles of a dangerous or damaging nature.

5. Mode of packing and address:—Parcels must be entirely closed and securely packed and fastened; a covering of cloth or waterproof sewn at the edges being recommended. The Indian address should be legibly written, with the superscription, "By Indian Parcel Post."

6. A letter of advice, stating name and address on parcel, contents and value for Custom House clearance, with legible signature and address of sender, should be sent to the Office (see Clause 1), with each parcel, accompanied by payment, if it be desired to prepay or insure the parcel.

7. A receipt will be given (by the Company) for each parcel received from the country, and for other parcels, if required.

8. Parcels from the country (including all those not booked by the sender or their messengers or agents in person at the London Offices) may be forwarded to the office in London (see address below) by railway, or other means available; but the parcel with the Indian address, as in Clause 5, should in such case be enclosed in an *outer covering*, bearing the address, "Indian Parcel Post Agency, 122 Leadenhall Street, London, E.C." The charges for carriage

to the above address are additional to charges for transit or insurance under Clause 2, and may be prepaid to the local carrying agent, or left to be paid on delivery in London, and subsequently collected from the addressee. The letter of advice (see Clause 6), with any payment desired for transit or insurance (payment by post should be by cheque or money order, payable to A. M. Bethune), should be sent to the same address by letter post, and the receipt will in such case be forwarded by post.

### (13.) Delivery.

1. Letter Carriers and Rural Messengers are prohibited from distributing any letters, newspapers, &c., except such as have passed through a Post Office, whether before beginning their rounds, whilst on their rounds, or after they have completed them. Nor are they allowed to receive any payment beyond the postage for the delivery or collection of any letter, &c.; nor to deviate from the route laid down for them. The prohibition from receiving payment in addition to the postage *does not, however, extend to Christmas boxes.*

2. No person living within the town free delivery, or within the limit of a rural post free delivery, unless he rent a private box, can claim to have his letters delivered at the office window if a delivery by letter carrier or a despatch by messenger is about to take place; but letters which arrive by a mail after which there is no immediate delivery by letter carrier or messenger, may be obtained by any person on application at the office window, so long as the office is open for delivery.

3. In order to prevent the additional trouble which is sometimes caused by letters being directed to a Post Office for persons who reside within a free delivery from such office, but who have no private box, a Postmaster is authorized, when such letters arrive by a mail for which there is a delivery from house to house, to refuse to deliver them at the window (even though initials may have been substituted for the full name), and to send them out by the Letter Carriers, except such as are addressed to the military in barracks.

4. Any person can have a private box who is willing to pay the appointed fee. When this fee goes to the revenue it is generally fixed at one guinea per annum, to be paid in advance, and for a period of not less than a year. The same also, in most cases, are the terms for a private bag, except that in addition there is the cost of the bag itself, and a charge for conveyance, the maximum of the latter being 10s. 6d per annum, if the bag be conveyed by a rural messenger, and two guineas if by a contractor for a mail cart, or other horse post. If more than one rural messenger, or more than one contractor take part in the conveyance of a private letter bag, such is allowed to charge the full amount of the fee for his service. Any person residing within the limits of a town free delivery, and renting a private letter bag, is considered to have the accommodation of a private box at the Post Office, as well as a bag, and is liable to the full charge for both box and bag.

A RETURNED LETTER OFFICE is established in Glasgow, and all undeliverable letters addressed to Glasgow and its sub-offices are disposed of there.

On reaching the Returned Letter Office a letter originating in the United Kingdom is at once opened, and if found to contain the writer's name and

address is returned to him. If it does not contain either the writer's address or an article of value the letter is destroyed.

After being retained for periods varying from one week to two months, colonial and foreign letters are returned unopened to the countries from which they were received.

### (14.) Re-direction.

1. Every inland re-directed letter, post-card, or other postal packet, is liable to an additional postage (at the prepaid rate) for each re-direction, unless both the original and the second address be within the delivery of the same Post Office, or Sub-Office, or rural walk, and the re-direction be made by an Officer of the Post Office. Thus, on a paid or unpaid letter, not exceeding 1 oz. in weight, redirected either by an Officer of the Post Office, or by any one else, to a different delivery, an additional postage is levied of one penny; and if the weight be more than one ounce, but less than two ounces, of three half-pence, and so on.

2. An inland registered letter, when re-directed to any place within the United Kingdom, is only liable to the same additional charge as an ordinary letter.

3. Letters, &c., received from a country of the General Postal Union, and afterwards re-directed to any place in the United Kingdom, or to another country within the Union, are not liable to any additional charge, nor, if registered, to an additional fee for registration; such, however, as have been in the first instance addressed to a place in the country where they were posted, are chargeable on re-direction with the inland rate of the country to which they are re-directed, but, if registered, without additional fee.

4. Letters, &c., addressed from one part of the United Kingdom to another, and then re-directed to a country not in the Postal Union, are liable to an additional Colonial or Foreign rate, and, if registered, to an additional fee for registration.

5. Letters, &c., received here from a country not in the Postal Union, and re-directed to another country not in the Postal Union, are liable to an additional Colonial or Foreign rate, and, if registered, to an additional fee; if re-directed to some place within the United Kingdom, they are liable to an additional inland rate; and, if re-directed to any country of the Postal Union, they are liable to the inland rate of that country. In the two latter cases letters, if registered, are not liable to any additional fee.

6. Letters, &c., received from any country of the Postal Union, and re-directed to a country not in the Postal Union, are liable to an additional Colonial or Foreign rate, and, if registered, to an additional fee.

7. If a registered letter, when re-directed, instead of being taken back to the Post Office to be dealt with as a registered letter, is dropped into the letter box as an ordinary letter (the word "registered" not having been erased, or having been erased in pencil only), it is surcharged with a fresh registration fee of fourpence.

*Exceptions.*—No charge for re-direction is made on Government letters; nor is any charge for re-direction made on newspapers from any place abroad, unless they have been opened, in which case they are liable to postage as books.

Further, letters addressed to commissioned officers in the army, navy, or ordnance, or (provided

they do not exceed  $\frac{1}{2}$  oz. in weight) to schoolmasters or schoolmistresses in the army, or non-commissioned officers, private soldiers, or seamen employed on active service in any of her Majesty's colonies, or on any foreign station, and who, before receiving the letters, may have started on their return home, or to another station, may be re-directed to such officers, private soldiers, or seamen, &c., when these have removed upon service, and will be delivered to them without any charge for re-direction. The same privilege extends to the letters of non-commissioned officers, schoolmasters in the army (of all but the first-class), schoolmistresses in the army, private soldiers, and seamen (but to these only), re-directed from one part of the United Kingdom to another, or from the United Kingdom to a place abroad, provided the original postage be prepaid, and the letters do not exceed  $\frac{1}{2}$  oz. in weight.

8. Notices of removal, and application for the re-direction of letters must, in all cases, be duly signed by the persons to whom the letters are addressed, and forwarded to the Postmaster.

9. A Postmaster is not bound to re-direct letters for a person temporarily leaving his home, and not having a private bag or box, unless the house be left uninhabited.

(15.) Postage Stamps.

1. Every Head-postmaster is required to keep for sale to the public a sufficient stock of the different postage stamps in use, as also envelopes bearing an embossed penny stamp, newspaper wrappers bearing an impressed halfpenny stamp, and post cards, both inland and foreign. The stamps are of the respective values of  $\frac{3}{4}$ d., 1d.,  $1\frac{1}{4}$ d., 2d.,  $2\frac{1}{2}$ d., 3d., 4d., 6d., 8d., 1s., 2s., and 5s. The embossed envelopes are made of four sizes, viz.  $4\frac{3}{4}$  inches by  $3\frac{1}{8}$  (square shape),  $4\frac{3}{8}$  by  $2\frac{3}{8}$  inches,  $5\frac{1}{2}$  by 3 inches, and  $5\frac{1}{4}$  by  $3\frac{3}{8}$  inches; and are sold at the following prices:—

3 - - -	0	$3\frac{1}{2}$	12 - - -	1	1
4 - - -	0	$4\frac{1}{2}$	24 - - -	2	2

The newspaper wrappers and the inland post-cards are not sold singly.

The wrappers are sold in packets of 12 for  $6\frac{3}{4}$ d. The "stout" Post Cards are sold at the rate of 8d. for 12 cards, or 4d. for 6 cards. The "thin" cards are at the rate of 7d. for 12 cards, or  $3\frac{1}{2}$ d. for 6 cards. Foreign Post Cards are sold at the rate of  $1\frac{1}{4}$ d. each.

2. Sub-postmasters are required to keep  $\frac{3}{4}$ d. and 1d. stamps and post-cards only, but they are bound on application to procure any stamps of other values, embossed envelopes, or newspaper wrappers.

3. Every rural messenger is authorized to sell penny postage stamps at the usual price of 1d. each; and when any person applies to him for postage stamps the messenger must either supply them, or (if he

have none in his possession) must without extra charge receive the postage in money, and on his arrival at the Post Office obtain postage stamps for the amount, and affix them carefully to the letters.

4. Payment of postage cannot be made by means of postage stamps which have been torn, cut, or otherwise rendered imperfect; or of embossed or impressed stamps cut out from the envelopes, cards, or wrappers on which such stamps were embossed or impressed (even although the stamps have not been before used or sent by post), or of receipt or other inland revenue stamps.

5. To discourage the transmission of coin by post all postmasters in the United Kingdom at whose offices money order business is transacted, are permitted, though not compelled, to purchase postage stamps from the public (provided the stamps be not soiled or otherwise damaged), at a charge of  $2\frac{1}{2}$  per cent.; the charge, however, never being less than one halfpenny. Under this arrangement the payments are as follows:—

	The full price minus	
For stamps not exceeding 1s. 8d. in value,	$\frac{1}{4}$ d.	
Above 1s. 8d., and not exceeding 3s. 4d.,	1d.	
" 3s. 4d., " " 5s. -	$1\frac{1}{2}$ d.	
" 5s., " " 6s. 8d.,	2d.	
" 6s. 8d., " " 8s. 4d.,	$2\frac{1}{2}$ d.	

and so on.

6. In order to prevent the temptation to steal stamps attached to letters, which might be afforded by facilities for selling them, no separate stamps can be purchased. They must in all cases be presented in strips containing at least two stamps unseparated from one another.

7. In consequence of representations made to the Post Office by various firms, that there is reason to believe that their postage stamps were purloined by persons in their employ, the Department has recommended that the name or initials of firms, &c., be either printed on the back of the stamps (by arrangement with the Inland Revenue Office, Somerset House), or the initials perforated through the stamps by means of a machine devised for the purpose; so that, the sale of such stamps being thereby rendered difficult (Postmasters having been instructed not to purchase any of them), there may be little or no temptation to steal them.

8. Paper taken by the public to the Inland Revenue Office can be impressed with postage stamps under conditions which may be learnt on application at that office.

9. Application from persons not in the service of the Post Office for licences to sell postage stamps should be made to the distributor of stamps in the inland revenue office of the district.

(16.) Registration (Inland and Foreign).

1. The fee for registering a letter, newspaper, or book-packet passing between any two places in the United Kingdom is fourpence.

2. The fee chargeable for registration to places abroad will be found in the column headed "Registration fee" in the Table of Colonial and Foreign postage. To some countries, as shown in that Table, a letter can be registered only to the port of arrival; it being left, in those cases, to the postal authorities of the country to which that port belongs to continue

the registration or not as they may think proper. To a few countries, as also shown in the Table, there is no arrangement whatever for registration.

3. Registration is applicable equally to letters, newspapers, book-packets, and patterns addressed to places abroad.

4. No letter or other postal packet addressed to initials or to a fictitious name can be registered, nor can any letter be accepted for registration unless the enclosure be securely placed so as not to move about and be covered by a proper and well fastened envelope.

5. Registered letters, &c., must be prepaid as regards both postage and registration fee; except official letters for Government Offices in London, Dublin, or Edinburgh, which may be registered on prepayment, in stamps, of the registration fee only.

6. Every letter to be registered should be presented at the counter, and a receipt obtained for it, and should on no account be dropped into the letter-box. If, contrary to this rule, a letter marked "Registered" be dropped into the letter box it will, if directed to any place in the United Kingdom or the British Colonies, be liable to a registration fee of 8d., instead of the ordinary fee of 4d.

7. At the Post Offices the latest time for posting registered letters on the payment of the ordinary fee is entered in the notice exhibited in the Lobby; but upon payment of a late fee of fourpence, in addition to the ordinary registration fee, letters, whether inland, foreign, or colonial, may be registered after the hours specified, until the closing of the letter-box for each despatch, or the office is closed for the night.

8. The registration of a packet makes its transmission much more secure, inasmuch as, under ordinary circumstances, a registered packet can be traced through its whole course; and thus the loss of a registered packet is a very rare occurrence. Nevertheless, large sums of money or other articles of great value should not be sent through the post, even if the packet be registered; as the machinery of the Department is not arranged with a view to such transmissions. By law the Post Office is not responsible for the safe delivery of registered packets; though any officer who may neglect his duty on this point will be called to strict account. Sent in *unregistered* letters, valuable articles are exposed to risk, and offer a temptation which ought not to be created; and the Department cannot in any way undertake the safe conveyance of such packets. All inland or colonial letters, therefore, which contain coin; and all inland letters which contain watches or jewellery, even though they be posted without registration, are treated as *registered*, and charged on delivery with a double registration fee of eightpence in addition to the ordinary postage; and any such letters which cannot be registered in time to be forwarded by the Mail for which they are posted, are detained for the next despatch. Even if the letter do not contain any article of intrinsic value, it should, if it be very important, be registered.

9. No letter carrier, rural messenger, or other servant of the Post Office, is allowed to carry a letter for any person to be registered.

10. No letter containing coin, a watch, or jewellery, can be registered or sent through the post at all, if addressed to a country in the General Postal Union.

### (17.) Modes of prepayment.

1. Inland letters, newspapers, and book packets cannot be prepaid in money at any Provincial Post Office, but must be prepaid by means of stamps, either adhesive, embossed, or impressed. This rule applies also to registered letters.

2. Letters for places abroad must be prepaid wholly in stamps. This rule also applies to registered letters.

3. Newspapers, book-packets, and sample-packets for places abroad can be prepaid only by means of stamps, in their case prepayment is *always compulsory*.

4. British postage stamps, though available for all letters, &c., going out of this country, are not, as a general rule, available for letters, &c., coming into it; the principal exception being in the case of letters posted by Naval Officers, Marines, and Seamen serving abroad, which, if posted in the *ship's bag*, must be prepaid by means of British postage stamps.

### (18.) Letters for Non-Commissioned Officers, Soldiers, and Seamen in Her Majesty's Service.

1. Non-commissioned officers, bandmasters, army schoolmasters (if not superintending schoolmasters or schoolmasters of the 1st class), schoolmistresses, private soldiers, or seamen belonging to Her Majesty's Ships, whether serving on sea or land, and whether in a British Possession or Foreign Country, as also enrolled pensioners in Canada, can send or receive letters by Packet or Man-of-War, for a postage of 1d.; but if any such letters have to pass through a foreign country they are subject, in addition, to the foreign postage, whatever that may be. Thus the postage to the under-mentioned countries (including the British charge of one penny) is as follows:—

To or from—	<i>s. d.</i>
China, Ceylon, India, Japan, or Australia, <i>via Brindisi</i> . . . . .	0 3
Mauritius, by <i>French Packet</i> . . . . .	0 4
Chili, Peru, or any other place in the South Pacific, <i>via Southampton and Panama</i> . . . . .	0 2

2. The Person claiming the privilege must at the time be actually employed in the service of Her Majesty, and must not be either a commissioned officer or warrant officer, viz., assistant engineer, gunner, boatswain, or carpenter; the privilege not extending to these officers.

3. If the letter be posted within the United Kingdom, the penny must be prepaid, as must any foreign postage that may be chargeable; and if sent by a private ship the gratuity of one penny to the captain must also be prepaid. If posted abroad, prepayment is not compulsory, but if the letter be sent unpaid, it is on delivery charged twopence, together with any foreign postage or gratuity to a sea captain that may be due.

4. The letter must not weigh more than half an ounce.

5. It must relate entirely to the private concerns of the soldier or seaman.

6. The name of the soldier or seaman, with his class or description, must appear in the direction; and the officer having the command must sign his name, and specify the ship or regiment, corps or detachment, to which the soldier or seaman belongs;

the name of the ship or regiment being entered in full.

7. If the letter be posted in the United Kingdom for a place abroad, unpaid or insufficiently paid, or if the class or description of the soldier or seamen be not written in the address, it will be detained and returned to the writer for payment of the postage.

(19.) *Letters, &c, by Private Ships.*

1. Letters intended to be sent by Private Ship must be addressed "By Private Ship;" and if by a particular vessel, the name of the ship must be added. But in exception to this rule no letters are forwarded by Private Ships sailing for New York. The postage of a letter by a Private Ship is as follows:—

Country.*	For a prepaid letter.	Fine on letters not wholly prepaid.
	Per ½ oz.	
* Ascension, . . . . .	6d.	...
British West Indies, . . . . .	3d.	3d. each.

* All other Countries, . . . . .	6d.	...

2. Letters cannot be sent unpaid to the Countries marked thus (\*). The postage for letters weighing more than ½ oz. advances in the same manner as that for letters sent by mail packets. Unpaid letters coming into this country are charged the same rates as unpaid letters going out of it.

3. Book Packets and Packets of Patterns may be sent by Private Ship for the same postage as by Mail Packets, to all places to which there are Mail Packets.

4. Newspapers by Private Ships to the Cape de Verd Islands must be prepaid 2d. each per 4 oz.; and to all other places 1d. each per 4 oz.

(20.) *Letters for Passengers on Board Mail Packets.*

1. Letters for passengers on board the packets for America touching at Queenstown, or on board of the Mediterranean packets about to sail from

\* Countries comprised in the General Postal Union see Table of Foreign Postages.

Southampton or Brindisi with the mails for India, Australia, China, &c., may be posted in any part of the United Kingdom up to the time at which ordinary registered letters to go by the same packets are received. They must be registered, and the postage and registration fee must be fully prepaid, and they must be addressed to the care of the commander of the packet.

2. Letters for passengers on board the Canadian packets touching at Londonderry, may, under similar conditions, be posted up to the same time as ordinary registered letters for Canada. These must be addressed to the care of the officer in charge of the mails.

3. The letters should be addressed thus: "Mr. \_\_\_\_\_, on board the mail packet for \_\_\_\_\_, at Queenstown [Londonderry, Brindisi, or Southampton]. Care of the Officer in charge of the mails," or "care of the Commander of the packet," as the case may be.

4. Letters directed to the care of the Packet Agent at Suez, and despatched by the mail *via Brindisi*, will probably reach passengers for India, &c., who have sailed in the packet which left Southampton the previous week.

**SPECIAL RATES OF POSTAGE AND CONDITIONS OF TRANSMISSION.**

(21.) *Addresses to the Queen and Petitions to Parliament.*

1. Petitions and addresses to Her Majesty, forwarded direct, are exempt from Postage; and such petitions and addresses, as also petitions to either House of Parliament, if sent to a member of either House, are likewise exempt, provided they do not weigh more than two pounds, and are either without covers or are in covers open at the ends. No letter or other inclosure, however, must be inserted; and if one be found, such inclosure, unless it bear the proper number of postage stamps, will be charged as an unpaid letter.

2. The restriction laid down as to the size of letters does not apply to petitions or addresses to the Queen, whether directed to Her Majesty, or forwarded to any Member of either House of Parliament; nor to Petitions to either House of Parliament forwarded to any Member of either House.

(22.) *Parliamentary Proceedings.*

1. Printed Votes or Proceedings of the Imperial Parliament, sent without covers or in covers open at the ends, may circulate within the United Kingdom at the rate of one halfpenny for every 2 oz. or part of that weight.

2. The words "Parliamentary Proceedings" must be written or printed on the cover of the packet; otherwise it will be treated as an ordinary book packet.

3. Prepayment, when the circulation is within the United Kingdom, is optional; and if it be made in part the simple difference only will be charged.

4. Parliamentary Proceedings may be sent, under the Book Post privilege, to all the Colonies, and to those Foreign States between which and this country there is a book post.

5. The limit of size prescribed for ordinary book packets does not apply to printed Parliamentary Proceedings.

(23.) *Parliamentary Notices.*

Parliamentary Notices may be forwarded through the post under the following regulations:—

1. The words "Parliamentary Notice" must be legibly printed on the face of the letter; and in order to secure the speedy return of any notices which may be undelivered, the name and address of the solicitor issuing such parliamentary notice should also be legibly printed or written on the face of the letter; though this is not imperative.

2. These notices may be posted at any Post Office in the United Kingdom at which Money Order business is transacted.

3. All notices which by the standing orders of either house of Parliament are required to be served on or before the 15th December must be posted not later than the 12th December, unless the 12th fall on a Sunday, when they must be posted not later than the 11th; and those notices which by the same orders may be served after the 15th, must be posted at least three clear days before the time specified in the standing orders.

4. The postage chargeable on these notices, and the registration fee of sixpence on each, must be prepaid by stamps.

5. The notices must be posted at the Post Office window, accompanied with duplicate lists of the addresses, the notices being arranged, for the convenience of comparison, in the order of the list. These lists will be examined by the officer in attendance at the window; and if they correspond with the addresses he will sign and stamp every sheet of each list. One of the duplicate lists will then be returned to the person who brought the letters, and the other forwarded to the Secretary, General Post Office, London.

6. The hours for receiving such notices are the same as those for the registration of ordinary letters, unless they be presented at such a time as to interfere with the other duties of the office; in which case the Postmaster may appoint any other time within the next twenty-four hours for receiving the same, provided that, when the notices are to be served on or before the 15th December, such arrangement do not delay the posting beyond the 12th.

7. Re-directed parliamentary notices are, like letters, liable to an additional rate of postage.

8. The senders of parliamentary notices should, if possible, arrange on the previous day with the Postmaster as to the most convenient time for posting them, and state the probable number.

(24.) *Notices relating to Voting for Members of Parliament and Ballot Papers.*

1. Notices relating to votes for Members of Parliament, belonging to any of the classes enumerated in the Acts 6 Vict. c. 18 and 13 & 14 Vict. c. 69, can also be sent through the post (with the securities for their safe delivery enjoined by the Acts) on prepayment, in stamps, of the postage at the letter rate—whether Inland or Foreign, as the case may be—and of a registration fee of twopence, provided they be presented, duly directed, open and in duplicate, to the Postmaster of an office which is also a Money Order Office.\* On receiving the notices, the Post-

\* The posting of these notices is confined strictly to Post Offices where Money Order business is transacted; consequently, whenever such business is suspended at any office none of these notices can there be received.

master will compare each with its duplicate, and if the two agree, the latter will be stamped and returned to the bearer. The notices must be presented at least half an hour before the fixed times for posting ordinary letters.

2. The production by the person who posted a notice of the stamped duplicate is evidence of the notice having been given to the person at the place mentioned, on the day on which such notice would, in the ordinary course of post, have been delivered there.

3. They are liable to the usual charge for re-direction.

4. When ballot papers are presented by any returning officer to be forwarded by post, the Postmaster is required to give to such officer an acknowledgment thereof in writing, stating the time when he received it. The prepayment of the postage on ballot papers is optional.

### MISCELLANEOUS REGULATIONS AND SUGGESTIONS.

1. The Post Office is not, by law, responsible for any loss or inconvenience which may arise from the non-delivery, mis-sending, or mis-delivery of any letter, book, or other postal packet (even if the packet be registered). Nor is it responsible for any injury which a letter or packet may sustain in its transmission.

2. To guard against such injury all postal packets which are likely to suffer from stamping or from pressure should be placed in strong covers, and even with this precaution no fragile article should be sent through the post. It should be remembered that every packet has to be handled several times, that it is exposed to considerable pressure and friction in the mail bag, and that whenever the bag is, in the course of transmission, to be transferred by means of the Railway Post Office Apparatus, the risk of injury is much increased.

3. No information can be given respecting letters which pass through a Post Office except to the persons to whom they are addressed; and in no other way is official information of a private character allowed to be made public.

4. Provision having been made, by means of the British Postal Guide, and the Postal Official Circular, to supply full and authentic information on all postal matters, the public should abstain, as much as possible, from applying for such information to the officers of the department. When information is asked for, the application should be in writing, and addressed to the Postmaster. For any error in a reply to a verbal application the Department does not hold itself responsible.

5. The officers of the Post Office are not bound to give change, nor are they authorized to demand change; and when money is paid at a Post Office, whether as change or otherwise, no question as to its right amount, goodness, or weight can be entertained after it has been removed from the counter.

6. Postmasters are not allowed to return any letter or packet to the writer or sender, or to any one else, or to delay forwarding it to its destination, according to the address, even though a request to such effect be written thereon.

7. The officers of the Post Office are not bound to weigh any letters or other packets for the public.

8. If a letter be forwarded under cover to any

Postmaster, with a request that he will re-post it at his office, the letter, on being re-posted, will be endorsed with the words "posted at \_\_\_\_\_, under cover to the Postmaster of \_\_\_\_\_."

9. Every address should be legible and complete. When a letter is sent to a Post Town the last word in the address should be the name of that town, except when the town is but little known, or when there are two Post Towns of the same name, or when the name of the town is identical with or very like the name of some foreign town or country. In such cases the name of the County should be added. Thus, the last part of the address of a letter to Newport in Monmouthshire should be—

"Newport,  
Monmouthshire."

10. When a letter is sent to a place where there is only a Sub-office, the name of the Head Office should be given. Letters posted in one part of the United Kingdom and intended for another (as, for example, letters posted in Scotland and intended for Ireland) should have the name of the Country to which they are sent added to the address, unless the letters be intended for some well-known large town, when such addition is unnecessary.

11. The number, too, of the house should appear; its omission being a cause of delay in the sorting; and tending to retard the general delivery. In the case of letters for places abroad, the name of the country as well as the town should be given in full, and should be the last word in the address. Attention to this latter precaution will often assist in deciphering the name of a town, and prevent the letter from being mis-sent when there are towns of the same name in different countries. For example: a letter intended for London in Western Canada, but simply addressed "London, W.C.," would be forwarded to the Western Central District of the Metropolis in England.

12. Letters for well-known firms and persons in Glasgow are sometimes addressed "Glasgow" only; but this practice often causes delay in their delivery.

13. A letter addressed to a Post Office to be called for is retained one month; and if not called for by the end of that time, is sent to the Returned Letter Office to be sent back to the writer. But if the letter be addressed to a Post Office at a seaport town for a person on board a ship expected to arrive at that port, it is kept three months.

14. All letters addressed to club houses, hotels, and other places where letters are received to be called for, should be returned to the Post Office as soon as it has become evident that they will not be called for.

15. Every letter should contain the full address of the writer, in order to ensure its return to him if the person to whom it is directed cannot be found. A much larger portion of the undelivered letters could be returned if the names and addresses of the senders were always either fully and plainly written inside, or embossed on the envelopes.

16. To facilitate the delivery of letters, a letter-box should be affixed to every house-door.

17. All letters, &c., should be posted as early in the day as practicable, especially when sent in large numbers, as is frequently the case with newspapers and circulars, and care should always be taken to see

that the packet falls into the letter-box, and does not stick in its passage. This is especially important in the case of letters posted in pillar letter boxes, because, though these receptacles are not intended nor designed for the reception of books, pamphlets, newspapers, or other bulky packets, injudicious or ignorant people do sometimes choke them with such articles. Much trouble is saved to the office if circulars, before being posted, are tied in bundles with all the addresses in one direction.

18. Stamps should be placed on the front, that is, on the address side of the letter, and upon the right hand upper corner. On re-directed letters care should be taken not to place fresh stamps over those which have been previously used.

19. The practice of sealing with wax letters passing to and from the East and West Indies, and other countries with hot climates (except such as is specially prepared), is attended with much inconvenience, and frequently with serious injury, not only to the letters so sealed, but to the other letters in the mail, from the melting of the wax and adhesion of the letters to each other. The public are therefore recommended, in all such cases, to use either wafers or gum, and to advise their correspondents in the countries referred to, to do the same.

20. Any person who, on receiving a surcharged letter, has reason to think that it has been wrongly taxed, should take it, before it has been opened, to the Post Office to be weighed, and if it then appear that it does not turn the scale, should have its exact weight certified in writing. This will in most cases be sufficient evidence that the letter has been erroneously charged; though sometimes, owing to the paper being damp when it is posted, a packet weighs more than when it is delivered; and it is the weight at the time of posting that determines the charge.

21. When complaint is made of a letter or other postal packet being lost, mis-sent, or delayed, information, as precise as possible, regarding all the facts of the case should be furnished, together with any documents that may throw light upon the matter. The day and hour at which the letter, &c., was posted, as well as the office at which and the person by whom this was done, should always be stated; and when possible, in the case of delay, the cover or wrapper in an entire state should be sent, in order that the place of delay may be ascertained by an examination of the stamps.

22. Neither money nor any other article of considerable value ought ever to be sent through the post, except by means of a money order or in a registered letter. Any person who sends money or jewellery in an unregistered letter, not only runs a risk of losing his property, but exposes to temptation every one through whose hands his letter passes, and may be the means of ultimately bringing some clerk or letter carrier to moral ruin. Every letter which contains money or other valuable article even when registered, ought to be securely sealed, and if there be postage stamps in it, these should be enclosed in paper thick enough to prevent their being seen or felt through the cover.

23. Whenever Bank Notes are sent by post, even in registered letters, they ought to be cut in halves, the second halves not to be forwarded until advice as to the receipt of the first has reached the sender. A memorandum of the number on the notes ought to be kept.

24. *Sunday*.—During the time the office is open on Sunday (viz.) from nine to ten in the morning, the public may purchase postage stamps and have letters registered; and all other duties are performed as usual, except Money Order and Savings Bank business, which on that day is wholly suspended.

25. *Sacramental Fast Days*—On the Sacramental Fast Days there are two deliveries by Letter Carriers, commencing at 7 and 7.40 a.m. respectively, and letters are delivered to Private Box holders and to strangers from 7 to 10 a.m. The Office is again opened for the sale of postage stamps and registration of letters, from 4 to 8 p.m.

*Penalties for sending Letters otherwise than through the Post.*

26. Any person conveying (otherwise than by the Post) a letter not exempted from the exclusive privilege of the postmaster-general incurs, by law, a penalty of £5 for every letter, and £100 for every week the practice is continued. The sender also is liable to a penalty of £5 for every letter.

#### *Exceptions.*

27. The exclusive privilege of the postmaster-general is confined strictly to letters, and does not therefore extend to newspapers, books, or money; any of which may be legally conveyed by other means. The following kinds of letters also need not be sent through the post:—

§ 1. Letters sent by a private friend, to be delivered by such friend to the person to whom they shall be directed.

§ 2. Letters sent by a messenger on purpose, concerning the private affairs of the sender or receiver thereof; commissions or returns thereof, and affidavits and writs, process or proceedings or returns thereof, issuing out of a court of justice.

§ 3. Letters sent out of the United Kingdom by a private vessel (not being a packet boat).

§ 4. Letters of merchants, owners of vessels of merchandize, or of the cargo or loading therein, sent by such vessels of merchandize, or by any person employed by such owners for the carriage of such letters, according to their respective directions, and delivered to the respective persons to whom they shall be directed, without paying or receiving reward or profit for the same in anywise.

§ 5. Letters concerning goods or merchandize sent by common carriers, to be delivered with the goods which such letters concern, without hire or other advantage for receiving or delivering such letters.

28. No person, however, is authorized to make a collection of such excepted letters for the purpose of sending them in the manner above described.

29. The following persons are expressly forbidden to carry a letter, or to receive or collect or deliver a letter, even though they shall not receive hire or reward for the same:—

§ 1. Common known carriers, their servants or agents, except a letter concerning goods in their carts or waggons, or on their pack horses; and owners, drivers, or guards of stage coaches.

§ 2. Owners, masters, or commanders of ships, vessels, steam-boats, or boats called or being passage or packet boats, sailing or passing coastwise, or otherwise between places within Great Britain or Ireland, or between, to, or from ports within Her Majesty's dominions or territories out of the United

Kingdom, or their servants or agents, except in respect of letters of merchants, owners of ships, or goods on board.

§ 3. Passengers or other persons on board any such ships, vessels, steam-boats, passage or packet boat.

§ 4. The owners of or sailors or others on board a ship or boat passing on a river or navigable canal within the United Kingdom or other Her Majesty's dominions.

#### MONEY ORDERS.

1. *Application Forms*.—The public are recommended, when applying for Money Orders, to use the printed "Application Forms," prepared expressly for, 1, application for Inland Orders, 2, application for Foreign and Colonial Orders, and which are supplied gratuitously at all Money Order Offices. These forms save time, and afford greater security than verbal messages against mistakes.

2. *Commission*.—The commission on Inland Money Orders is:—

For sums under 10s.,	-	-	-	1d.
Of 10s. and under £1,	-	-	-	2d.
“ £1,	“	2,	-	3d.

“ 8,	“	9,	-	10d.
“ 9,	“	10,	-	11d.
£10 Orders,	-	-	-	1s.

3. No order is allowed to contain a fractional part of a penny.

4. *Particulars Required*.—No Money Order can be issued unless the applicant furnish in full the surname and at least the initial of one Christian name, both of the remitter and the payee, together with the remitter's address. In the case of Foreign Orders the full address of the payee must be given; and if the order be payable to a native in British India the tribe or caste, and the father's name, must also be furnished.

#### *Exceptions.*

§ 1. When the remitter directs at the time of issue (which he is at liberty to do) that the order by being crossed like a cheque be made payable only through a Bank, it is left to his option to give or withhold the name of the payee.

§ 2. If the remitter or payee be a peer or a bishop, his ordinary title is sufficient.

§ 3. The usual designation of a firm is sufficient, except in the case of a company trading under a title which does not consist of the name of the persons composing it, as the "Carron Company."

5. The holder of a Money Order is always at liberty to direct, by crossing it, that the order be paid through a bank, though its payment was not originally so restricted; and when the order is thus presented the question put on the presentation of an ordinary Money Order is dispensed with.

6. When application is made for a Money Order payable in London, or at any other town where there is more than one Money Order Office, the remitter should say at which of such offices he

wishes it to be paid, otherwise the order can be cashed only at the Head Office.

7. *Orders cannot be Cancelled.*—An order once issued cannot be cancelled; and should repayment or transfer to a different office be required, the remitter or payee must apply to the paying Postmaster according to the directions in paragraph 15 of these regulations.

8. Money Orders do not require a receipt stamp.\*

9. When an Order is paid through a bank it is sufficient that it be receipted, without regard to any discrepancy between the signature and the name in the advice, and that it be crossed with the name of the bank, and presented by some person known to be in the employment of that bank.

10. Although at the end of twelve months from that in which it was issued, a Money Order, if still unpaid, becomes legally void, nevertheless, when a good reason can be given for the delay in presenting it, an application for payment, subject to a certain deduction, is entertained.

11. No application can be entertained for compensation for alleged injury from the non-payment of a Money Order at the expected time.

12. After once paying a Money Order, by whomsoever presented, the Office is not liable to any further claim.

13. To guard against any person, even if he obtain possession of a Money Order, fraudulently getting it cashed, the remitter is recommended:—

§ 1. When he is well known to the payee, to sign the letter enclosing the order with his initials only.

§ 2. When this is not the case, either to make the order payable ten days after date, or to register the letter enclosing it, or to make the order payable through a bank by crossing it like an ordinary cheque.

§ 3. When it is not considered expedient to adopt either of these courses, to send the remitter's name (without a knowledge of which payment cannot be obtained) in a separate letter from that containing the Money Order; although this latter precaution is much less effective than either of the others.

14. Payment of an order cannot be demanded on the same day as that on which the order was issued.

15. In case of the miscarriage or loss of an inland Money Order, a duplicate is granted, free of charge, on a written application (with the necessary particulars) to the Comptroller of the Money Order Office in England, Scotland, or Ireland, as the case may be, where the original order was issued. Should an Order be lost after the delivery of the letter in which it was enclosed, an additional commission, which should be forwarded in postage stamps together with the application, will be charged where the original order was issued. Should it be desired to stop payment of an inland order, application must be made at the office where the order is payable, and a second commission must be paid. If alteration in the name of the payee or remitter of an inland Money Order should be required, application accompanied by the payment of a second commission, must be made by the remitter to the Postmaster of the office at which the order was issued. Should transfer of payment of an inland order from one office to another in the United Kingdom, or repayment of the amount of an order, be required, an application inclosing the order must be made to the Postmaster at whose office the

order is payable; who will transmit in exchange a new order payable at the place desired, but for a less sum than the original order by the amount of the second commission charged for the reissue. Proper printed forms for making application in all these cases may be obtained at any Money Order Office. Whenever, on complaint being made, it is found that the necessity for an application, entailing the payment of a fresh commission, is attributable to the Post Office, the charge will be remitted to the applicant and imposed on the officer in fault.

16. A Postmaster is required to give information how to apply for a duplicate order, &c., and must furnish the prescribed form of application. If payment of an order be refused, in consequence of the reply to the question respecting the remitter, or the signature on the order not corresponding with the entries on the advice, the applicant for payment should communicate with the remitter, and request him to apply personally to the issuing Postmaster.

17. No Letter Carrier, Rural Messenger, or other Servant of the Post Office is bound to procure a Money Order for any person, or to obtain payment for one; but such services are not forbidden.

18. Money Orders are issued in the United Kingdom on the following colonies, British agencies, and Foreign countries\* :—Alexandria, Berbice (New Amsterdam), Belgium, Belize (British Honduras), British Columbia, Cape of Good Hope, Canada, Ceylon (Colombo), Constantinople, Coquimbo, Demerara (Georgetown), Denmark, Egypt, Falkland Islands, France, the German Empire, Gibraltar, Gold Coast, Heligoland, Holland, Hong Kong, India, Italy, Malta, Mauritius, Natal, New Brunswick, Newfoundland, New South Wales, New Zealand, Norway, Nova Scotia, Panama, Prince Edward Island, Queensland, St. Helena, Seychelle Islands, Shanghai, Smyrna, South Australia, Straits Settlements, Suez, Switzerland, Tasmania, United States, Valparaiso, Victoria, West Coast of Africa, West Indies, Western Australia, Yokohama.

19. The scale of Commission for Orders payable abroad † is as follows:—

If payable in Belgium, Denmark, France, Germany, Heligoland, Holland, Italy, Norway, Switzerland, Gibraltar, Malta, Smyrna, or Constantinople, for sums not exceeding £2, 9d.; £5, 1s. 6d.; £7, 2s. 3d.; £10, 3s. If payable in any other place abroad (including most of the Colonies) authorized to transact Money Order business with this country, for sums not exceeding £2, 1s.; £5, 2s.; £7, 3s.; £10, 4s.

20. The issue of a duplicate Order, or the stoppage of payment of an Order issued by a Colony on the United Kingdom, will be made on application to the Controller of the Metropolitan Office of that portion of the United Kingdom in which such *Colonial Order* is payable, provided an additional British Inland Rate of Commission be enclosed with the application. Postmasters in the United Kingdom have power to transfer to other Offices in the United Kingdom payment of colonial and foreign orders (with the

\* When a whole country is named, Money Orders may be drawn, as a rule, on any important town in that country, as also on the many smaller towns, of which complete lists are kept at every Money Order Office.

† Considerable variations in the rates of exchange with any foreign country may occasionally necessitate an increase or decrease of the commission.

exception of French issues) originally drawn on their own offices.

21. Orders issued in the United Kingdom and payable in the German Empire are subject to the conditions that govern the payment of orders in that Empire. Orders issued in France on the United Kingdom cannot be paid after three months from the date of issue, without the authority of the French Post Office. Orders issued in the United Kingdom on France cannot be paid after three months from the month of issue without the authority of the chief office in London. Orders issued in the United Kingdom on Italy, and *vice versa*, cannot be paid after three months from the month of issue without the authority of the chief office of the country of issue.

### POST OFFICE SAVINGS BANKS.

22. *Hours of Business.*—Every Post Office Savings Bank is also a Money-Order Office, and is open for bank business during the same hours as for Money Orders.

23. *Amount of Deposits.*—Deposits of one shilling, or of any number of shillings, or of pounds and shillings, may be made by any person at the Post Office Savings Bank, provided that such depositor shall not make deposits amounting to more than £30 in any year ending the 31st December, or make any further deposit when the amount standing in his name, exclusive of the interest, exceeds £150. When any Depositor's principal and interest amount together to £200, all interest will cease so long as the balance of the account continues to amount to the said sum of £200.

24. *Interest.*—Interest, calculated yearly at the rate of £2 10s. per cent. per annum, will be allowed on every complete pound deposited, reckoned from the first day of the calendar month next following the day on which a complete pound shall have been deposited or completed, up to the first day of the calendar month in which the moneys are withdrawn. The interest thus calculated will be at the rate of one halfpenny per calendar month for every complete pound. The interest will be reckoned to the 31st December in every year, and will then be added to the principal.

25. Deposits made in Scotland by a married woman, or by a woman afterwards married, will be repaid to her unless her husband shall give notice, in writing, to the Postmaster-General requiring payment to be made to him. This rule applies also to deposits made in England or Ireland before the 9th of August, 1870; from which day, by the passing of the Married Women's Property Act, all deposits made in England or Ireland by a married woman, or by a woman who may afterwards marry (unless the money belong to her husband and be deposited without his consent), are the separate and uncontrolled property of the woman.

26. *Transfers of Deposits.*—A Depositor in the Post Office Savings Bank may transfer his deposits to any other Savings Bank legally established; and, on his written application, accompanied by his book, to the Chief Office of the Postmaster-General, in a form to be obtained at any Post Office Savings Bank, he will be furnished with a certificate of the whole amount due to him; and his account with the Post Office Savings Bank will thereupon be closed. A Depositor in any legally established Savings Bank

may transfer his account to the Post Office Savings Bank, and may require from the trustees or managers of such bank a certificate, stating the amount due to him; and thereupon his account with such bank will be closed. The certificate may be delivered at any Post Office Savings Bank, and will be received as a deposit of the amount therein set forth; and on the certificate being forwarded to London, and verified by the National Debt Commissioners, an account for the amount thereof will be opened with the Depositor, and an acknowledgment for the amount will be sent to the depositor.

27. *Withdrawal of Deposits.*—Any depositor wishing to withdraw the whole or part of the sum deposited by him, must make application for the same to the General Post Office in London, in a form which may be obtained at any Post Office Savings Bank.

28. *Repayments.*—Repayments will be made only to the depositor in person, or to the bearer of an order under his hand, signed in the presence of either the minister of the parish in which the depositor resides, of a justice of the peace, or in case of sickness, of the medical attendant.

29. *Secrecy.*—The Officers of the Postmaster-General engaged in the receipt or payment of deposits will not disclose the name of any depositor, nor the amount deposited or withdrawn by him, except to the Postmaster-General, or to such of his officers as may be appointed to assist in carrying out the provisions of the Post Office Savings Bank Acts.

### GOVERNMENT INSURANCES AND ANNUITIES.

30. The Postmaster-General is empowered under the Act 27 and 28 Vict. cap. 43, to insure the lives of persons of either sex between the ages of 16 and 60, for not less than £20 or more than £100. He is also empowered under the same Act to grant immediate or deferred annuities of not more than £50 on the lives of persons of either sex, and of the age of ten years and upwards.

The persons whose lives are insured or to whom annuities are granted by the Postmaster-General, have direct Government security for the payment of the money at the proper time.

The Post Office of Glasgow receives proposals for the insurance of lives and the purchase of annuities; and forms of proposal, with full instructions for filling up and delivering the same, as well as every other necessary information, may be obtained on application.

### POST OFFICE TELEGRAPHS.

1. The charge for telegrams throughout the United Kingdom, including the Channel Islands and the Isle of Man, but excepting the Scilly Islands, is 1s. for the first 20 words, and 3d. for every additional five words, *i.e.*, for every additional group of not more than five words\*; the names and addresses of the sender and receiver not being counted.

2. The charge for five words or less (exclusive of the address, which is not charged for unless it exceeds 10 words, in which case 6d. is charged for every extra word above 10) to the Scilly Islands is

\* A similar interpretation is to be put upon the phrase "every additional—words," wherever such phrase occurs.

2s. 6d., plus the ordinary inland rate; each additional word being charged 6d.

3. The charges for Press telegrams are 1s. for every 100 words, or portion of 100 words, handed in between the hours of 6 P.M. and 9 A.M., and 1s. for every 75 words, or portion of 75 words, handed in between the hours of 9 A.M. and 6 P.M., with an additional charge of 2d. per 100, or 2d. per 75 words, as the case may be, for the same telegram to every additional address.

4. Distinctive telegraph stamps are used for the payment of the charges on telegrams. Postage stamps are not accepted in payment of telegrams, nor are telegraph stamps accepted in payment of postage. Telegraph stamps are not purchased at Post Offices, nor can they be exchanged for postage stamps.

5. Receipts for the charges on telegrams can be obtained at a cost of 2d. each.

6. The inland telegram forms are of two kinds, namely, the "A 1" form, embossed with a stamp of the value of 1s., and the "A" form (given gratis), with no stamp embossed thereon. The "A 1 forms" may be purchased singly or in any number. They may also be had bound up into books of 20 forms; price 20s. 2d.

7. When the terminal telegraph office, *i.e.*, the office situated nearest to the address, is a Head Post Office, the amount paid for the transmission of a message covers the cost of delivery within the town postal delivery of that office. But when it is not a Head Post Office, the message is delivered free within a limit of one mile.

8. When the addressee resides beyond the above described limits, portorage is charged at the rate of 6d. per double mile (that is, a mile out and a mile back), or any part thereof, provided the whole distance to be traversed does not exceed three miles out and three miles back; but the charge is calculated from the boundary of the district within which no portorage is levied. For instance, if the addressee's residence is a mile and a quarter from the terminal telegraph office, and also beyond the free delivery, the charge for portorage would be 6d.; if the distance is above two miles and under three, 1s.

9. If the addressee resides at a greater distance than three miles from the terminal telegraph office, portorage is charged for delivery by mounted messenger at the rate of 1s. per mile, except in the case of telegrams for Ireland, where the charge usually is 8d. per double mile. The charge being reckoned from the Office door.

10. If the sender requires his telegram to be forwarded by post or by train from the terminal telegraph office, he must write the words "by post" or "by train" on the message form in the space provided at the foot for that purpose.

11. A deposit of 5s. is required upon all telegrams addressed to persons on board ship (unless the ship be lying in the dock) to cover any expense incurred in their delivery; but application can be made to the Secretary for any surplus.

12. An embossed stamp which has been removed from a spoiled and unused "A 1" form will be accepted in payment of a telegram; but mutilated or defaced stamps will not.

13. The sender of a telegram should always furnish his address, not necessarily for transmission, but in order to enable the Department to communicate with him, if necessary; and should he telegraph

from a place that is not his permanent residence, his permanent address should be added.

14. Telegrams may be repeated at the request of the sender, if he desires to adopt this extra security against risk of error, by being re-signalled from each office at which they are received to the office from which they are forwarded. The charge for repetition is one half the ordinary tariff; fractions of threepence being reckoned as twopence. Telegrams written in cipher, or according to a preconcerted code, should always be repeated.

15. The cost of a reply to a telegram may be prepaid; and a Prepaid Reply Pass will then be delivered to the addressee, who will be at liberty to send his reply, from any Postal Telegraph Station, at any time within two months after the date of the original telegram. A prepaid reply pass, however, need not necessarily be used for the reply to a message, but may be used for the purpose of prepaying a message containing the same number of words as that named on the pass. If the pass be not used application for the return of the money, accompanied by the prepaid reply pass, may be made by the holder to the secretary, General Post Office, London.

16. All telegrams which are re-transmitted to a second address by wire will be charged a fresh Inland rate. Telegrams which are re-directed to a second address in the same locality or free delivery will not be surcharged for the second service, if the re-direction does not involve any use of the wires, and the re-transmission is owing to a change of residence. Copies of telegrams directed to more than one person or firm in the same free delivery will be delivered separately at an additional charge of 3d. per copy.

17. Persons who wish to avoid sending so far as to a telegraph office, may, without additional charge, post a telegram form enclosed in an envelope, addressed "Telegraph Office," in a wall or pillar box, or in the letter-box of a Receiving Office or Sub-Office. Telegrams so posted are sent to the nearest Postal Telegraph Office by the first collection from the letter-box in which they are deposited, and are then transmitted as soon as possible. Care should be taken that such telegrams are fully prepaid.

18. Telegrams so posted, but insufficiently prepaid, cause trouble and inconvenience to the parties to whom they are sent as well as to the Department; the difference of charge being obtained from the addressees. Unpaid telegrams are not forwarded.

19. Most of the Telegraph Offices in the United Kingdom are closed between 8 p.m. and 8 a.m.; and as time is required for transmission between office and office, it must be borne in mind that if a telegram be deposited in a box at such a time that it cannot reach a Telegraph Office before 7 p.m., it may not reach its destination until after 8 a.m. on the following day.

20. Telegrams written on the proper forms, and properly prepaid, may be handed to rural messengers who are proceeding to Telegraph Offices. The telegrams will be duly transmitted from such offices.

21. Numbers expressed in figures in an inland telegram are counted as so many words, according to the number of figures employed. For example, "7" counts as one word, "12" as two words, "385" as three words; and so on. Fractions are counted according to the number of figures employed to express the quantity, one word being added for the bar or mark of division between the numerator and de-

nominator—thus “ $\frac{1}{2}$ ” counts as three words, “ $\frac{3}{4}$ ” as three words, “ $109\frac{1}{2}$ ” as six words.

22. When the sender of a telegram desires words to be underlined, or placed in a parenthesis, or within inverted commas, two extra words are charged for.

23. When the sender of a telegram desires that special instructions, such as “private,” “confidential,” “to be opened at once,” or the like, shall be written on the envelope containing the copy of the message which is to be delivered to the addressee, he must write the instructions on the form immediately after the address of the person to whom the message is sent. These instructions are charged for as part of the message.

24. When telegrams are addressed to a Postal Telegraph Office to be called for, they are kept for two clear days; and if no application be made for them within that time, are sent to the Chief Office, London.

25. Telegrams for the re-direction of letters are accepted at the ordinary rate of charge; but the sender must append his signature to the telegram, otherwise it cannot be acted upon.

26. Telegrams which are indecently or obscenely worded, or which appear to contain abusive, libellous, or slanderous matter, will not be transmitted.

27. The Department is not liable for losses incurred through the incorrect transmission, delay, or non-delivery of telegrams.

28. Telegraph offices are, as a rule, open from 8 a.m. to 8 p.m. on week days, and from 8 a.m. to 10 a.m. on Sundays. There are, however, offices in several of the larger towns which are open for longer periods. At the following offices in London and in the country there is attendance continuously during the day and night, both on week days and Sundays.

## LIST OF POST TOWNS AND SUB-OFFICES IN SCOTLAND.

It must be understood that the hours for closing the Letter Box are liable to alteration in the course of the current year, and, therefore, the Tables exhibited on the board at the Post Office ought to be occasionally consulted.

All Offices at which Money Order and Post Office Savings Banks business is transacted are marked thus, *m*. Postal Telegraph Offices are marked thus, *t*. Railway Companies Stations that collect and deliver Telegrams on behalf of the Post Office, are marked thus, *r*.

When in the subjoined list *one* place only is mentioned, it is a Head Office, or what is termed a Railway Sub-Office—that is, a Sub-Office which receives its correspondence direct from a Travelling Post Office instead of through a Post Town; and when two are mentioned, the *first* is a Sub-Office, and the *second* is the Head Office, to which the first is subordinate. It sometimes happens that there is a Money Order Office *nearer* the Sub-Office than is the Head Office; in these cases such Money Order Office is added as a *third* name, for the information of any persons who may wish to remit money to the neighbourhood. All Head Offices are Money Order Offices, but all *Sub-Offices* are not.

*Note*.—When the time of despatch to a Sub-Office is not given in the "Letter Box Closes" column of this list, the times of despatch to the Head (or second) Office should be referred to.

### INDEPENDENT ORDER OF GOOD TEMPLARS—GRAND LODGE OF SCOTLAND.

#### PLATFORM.

1st. Total abstinence from all intoxicating liquors as a beverage. 2nd. No license, in any form, or under any circumstances, for the sale of such liquors, to be used as a beverage. 3rd. The absolute prohibition of the manufacture, importation, and sale of intoxicating liquors for such purposes—prohibition by the will of the people, expressed in due form of law, with the penalties deserved for a crime of such enormity. 4th. The creation of a healthy public opinion upon the subject, by the active dissemination of truth in all the modes known to an enlightened philanthropy. 5th. The election of good, honest men to administer the laws. 6th. Persistence in efforts to save individuals and communities from so direful a scourge, against all forms of opposition and difficulty, until our success is complete and universal.

No person can be admitted to membership in this Order unless he believes in the existence of Almighty God as the Ruler and Governor of all things, and is willing to take the pledge for life; under this rule all classes are welcomed to the Order: the young—that they may be saved from falling into the snares of the tempter; the inebriate, who earnestly desires to reform—that they may be assisted to break the chains of appetite that bind them to the car of ruin; the moral and social; that, by uniting all these elements of society, the cause of temperance and morality may be advanced. The Order recognises the supreme divinity of Christ, and offers prayer in his name.

There are 800 adult lodges in Scotland, with a membership of 60,000, and 350 juvenile lodges, with 20,000 members. ney Carriages, and the conduct of the Proprietors and Drivers thereof, and ordain said Bye-laws to be strictly observed and enforced from and after the date of their being approved and confirmed by the Sheriff of Lanarkshire, in terms of said Statute, and until expressly altered.

### 1. Carriages not to be Licensed till Inspected.

No License shall be granted, or afterwards renewed, unless the Carriage, Horse, and Harness shall have been examined by the Chief Constable, Inspector of Hackney Carriages, or other person appointed by the Magistrates' Committee, and reported in writing, to the Magistrates' Committee, to have all the requisites and to be in a fit state to be licensed. No carriage will be licensed unless it be provided with Lamps, and have Roof, Springs, Wheels, Cushions, Linings, Pannels, Doors, and Windows, clean and in good Repair, and the Steps of entry safe and convenient, and that Skin, Rope, or Coir Mats, or other matting equally comfortable, are provided for Passengers' feet.

### 2. Owner's Name to be Painted on Carriage.

The name of the Owner of each Carriage shall be painted in a straight line on the outside of each door, immediately under the window, in Roman Letters not less than one inch in height, and of proportionate breadth, in a colour conspicuously different from that of the Carriage, and be continued legible during all the time the Carriage shall ply or be used for hire.

### 3. Number of License to be Painted or Affixed on Outside of Carriage.

The number of the License for each Carriage shall be painted on the Carriage, in a line with or under the name, on each door, immediately below the window, but so as not to conceal any part of the Owner's name, and to be distinctly visible from the outside, and in figures not less than one inch in height, and of proportionate breadth, and be kept legible during all the time the Carriage shall ply or be used for hire.

### 4. Number of License, &c., Inside the Carriage.

The number of the License, with the name of the Owner, on an Enamelled Iron Plate, of the pattern to be seen in the office of the Registrar, shall be placed conspicuously inside the Carriage; and there shall also be painted on such plate, under the number, as follows:—"Driver to tender the Hirer a Reference Ticket when entering the Carriage, and to produce when demanded By-laws and Table of Fares. No charge for luggage, unless it exceeds 112 lbs. where one or two persons are conveyed; 84 lbs. where three persons, and 56 lbs. where four persons. And in no case the charge to exceed Sixpence. Not compulsory to carry over 112 lbs. of luggage."

### 5. Licenses to be numbered Consecutively, and Duplicate signed by the Registrar.

The Licenses shall be numbered consecutively, in the order in which the same shall have been registered; and each Owner, at the time of receiving his License, shall be furnished with a Duplicate of such License, signed by the Registrar.

### 6. When Carriages cease to ply.

Whenever a Licensed Carriage ceases to ply, the Proprietor thereof shall give intimation immediately to the Registrar, Central Police Buildings, and shall return the License to him, provided the repairs are not finished within one week. Whenever a Licensed Carriage is sold by the Proprietor in whose name the License has been granted, or otherwise ceases to be his property, the License will lapse and become null and void.

### 7. Carriages to be in readiness.

The Owner of each Licensed Carriage shall have

the same ready for hire at, one of the Public Stands from Nine o'clock in the morning until Eleven o'clock at night, unless when engaged. And when within their respective yards, coach-houses, or stables, shall turn out for hire as soon as practicable, or can be done without injury to his servants or horses, after being called upon, between Eleven o'clock at night and Nine in the morning.

### 8. Carriages to be furnished with a Check-String, &c.

Every Carriage shall be provided with a proper Check-string (which, when driving, shall be held by the Driver), as well as a Board, or other Signal, bearing the word "Engaged" or "Disengaged," and which shall at all times be exhibited outside the Carriage when either engaged or disengaged, as the case may be. The Board, or other Signal, to be of such pattern and placed in such position as the Magistrates' Committee shall direct.

9. No Proprietor of a Licensed Hackney Carriage shall knowingly suffer or permit any person not duly licensed by the Magistrates' Committee to drive or take charge of any such Carriage while plying for hire or upon any of the Stands.

### ASSETS, 31st December, 1876, £6,346,987 sterling

Have been accumulated and invested only in *First-Class Convertible Securities*, as restricted by the Insurance Laws of the State of New York. Such Investments are beyond the reach of MONETARY DISTURBANCE, and complete protection to Policy-holders is thus assured.

THE WHOLE OF THE PROFITS ARE RESERVED FOR THE ASSURED.

The greater earning power of money in the United States enables THE EQUITABLE of New York to offer to Assurants UNEQUALLED ADVANTAGES.

A Popular Scheme of Life Insurance on

### THE TONTINE PLAN

has originated with and is granted by THE EQUITABLE, which, upon a principle of deferred bonus, adds very considerably to the proportionate profit of those holding these Policies. By this plan the profits are only divided at stated periods, viz., in TEN, FIFTEEN, or TWENTY YEARS from date of entry. No Profits accrue to the Policy until it has reached either of these periods, which must be determined upon at the time of application for the insurance.

When the assured's TONTINE period has arrived he becomes entitled to his share of the accumulated profits, and he is then given one of the following options:—

First.—*To take the cash value of his Policy.*

Second.—*To take a paid up non-participating Policy for an equivalent of its cash value.*

Should this be chosen a certificate of the good health of the applicant will be required.

Third.—*A yearly increasing annuity and the original sum at death to his heirs.*

The following table gives the results as estimated of the 20 years' Policies taken out on the Tontine Savings Fund Plan of Assurance. In the event, however, of the Life of the assured not reaching the special period he has elected, the face alone of the Policy is paid by the Society:—

ESTIMATED RESULTS AT THE END OF 20 YEARS ON A £1000 POLICY.

Age.	Annual Premium.	Total Amount Paid.	Cash Value.	Paid up Policy.	Annuity and £1000 at Death.
25	£19 17 6	£397 10 0	£735 0 0	£1950 0 0	£30 14 0
30	22 14 2	454 3 4	868 0 0	2020 0 0	40 8 0
35	26 7 6	527 10 0	1059 0 0	2160 0 0	57 10 0
40	31 5 10	625 16 8	1308 0 0	2350 0 0	84 0 0
45	37 19 2	759 3 4	1667 0 0	2670 0 0	135 0 0

Thus one aged 30, after 20 payments of £22. 14s. 2d., may choose any of these three ways, viz., Cash, £868 and give up his Policy; a paid-up Policy for £2020 with no more to pay; or an annuity of £40 8s., increasing yearly, and the £1000 at death to his heirs. FOR CHILDREN from Ten years upwards this is a splendid way of assuring their lives. One aged 10 ceases to pay when he or she is 30, and secures an annuity which, increasing as it does yearly, becomes a most valuable one, and the sum assured at death to his or her heirs.

Since its establishment the Company has paid more than **Two Millions Sterling** for Claims under its Fire Policies.

## LIFE DEPARTMENT.

THE Company offers the advantages of Perfect Security, with great Economy in Management, and Moderate Rates of Premium.

The total expenses in the year 1875 were only slightly over  $7\frac{1}{2}$  per cent. of the Income from Premiums and Interest, or—excluding Commission paid to Agents—less than 4 per cent.

In the Participation Branch, the whole of the ascertained Surplus at each Valuation belongs to the Assured. The amount for the Quinquennium, ending at 31st December, 1875, was the largest ever earned in any five years since the formation of the Company, and was sufficient to provide a Bonus of £1 10s. per cent. per annum upon the sum assured—or £7 10s. per cent. for the whole Quinquennium—besides leaving £33,420 to be carried forward.

## THE FUTURE.

### ESTIMATE OF ACCOUNT.

ONE essential condition of Assurance is that the Premiums shall be paid as they fall due.

The obligation of a Company to pay the amount assured ceases if the Assured fail to pay the Premiums: the obligation is only maintained if the Premiums are paid.

Therefore, with regard to the existing Policies of Assurances, the following is a true estimate:—

Premiums and Interest at $3\frac{1}{2}$ per cent. to be received,	£9,359,250
Assurance Fund in hand, and Interest thereon at $3\frac{1}{2}$ per cent., - - - - -	3,598,672

Which together amount to £12,957,922

Consequently:—

As the Total amount of the sums assured to be paid } does not exceed - - - - -	10,956,586
The balance available for future expenses and future } profits will amount to - - - - -	£2,001,336

**T**HIS CORPORATION was formed in 1870, for the application of the Mutual Principle (which had been eminently successful in Life and Marine) to Fire Insurance; it being evidently the most equitable system, as all the profits are divided amongst the Insured who are directly interested in them, and not paid as Dividends to Shareholders, as in the case of Proprietary Offices.

The principal distinctive features of this Corporation are:—

- The division of all profits amongst the Members.
- The very low percentage of Working Expenses.
- Discounts on Premiums and Allowances for approved Appliances for the Extinction of Fire.
- Freedom from the restraint of the Tariff System.

As an example of the prosperity of the Corporation, the following facts may be quoted:—

In 1870	the Income was	£12,000,	and the Working Expenses	25 per cent.
" 1871	"	£29,000,	"	18 "
" 1872	"	£50,000,	"	11 "

" 1875	"	£99,700,	"	10 $\frac{1}{2}$ "

Results which are most satisfactory, both as regards increase of business and economy in management.

Of every description, both HOME and FOREIGN, effected at Moderate Rates. The annual income from this Branch exceeds £989,756.

### LIFE INSURANCE.

The Premiums received in 1876 were £237,656, and the Annuities payable amount to £56,949. The Fund accumulated to meet these Liabilities is £2,738,071.

The following are a few of the advantages attached to the Life Policies of this Company:—

Moderate Rates of Premium for all descriptions of Insurance.

Whole world leave granted on reasonable terms.

Policies held as securities are not considered void by this Office, although the Assured should leave the prescribed limits, provided the holder informs the Office as soon as it comes to his knowledge, and pay the adequate extra premium.

Claims are payable Thirty Days after admission.

THE ANNUITY Rates are extremely liberal, and every facility given to purchasers as to place and time of payment.

CLAIMS UNDER POLICIES have at all times been properly adjusted and paid, and in the course of Thirty-nine Years have exceeded £13,595,714. This test, and the present revenue, are conclusive evidence of the satisfactory way in which the business of the Company is conducted.

FOR MUTUAL LIFE ASSURANCE.

*Have you a Life Policy? or if so, Is your Life Assured  
for an Adequate Sum?*

IT has been well said, that "It is the duty of every man to provide, while he yet lives, for his own; we would say that it is not more his duty to provide for their daily bread during his life than it is to provide, as far as he can, against their being left penniless in the event of death. Indeed, between these two duties there is no essential distinction, for Life Assurances makes the one as much a matter of current expenditure as the other." In no society can you obtain greater advantages than is offered by the office I represent.

# COUNTY FIRE OFFICE, 50 REGENT STREET, LONDON. W.

THE COUNTY FIRE OFFICE was established in the year 1806, upon the principle that the interests of its Policy-holders and its own should be identical. A system of strict economy and caution has enabled the Directors to return to their Policy-holders a considerable portion of the Premiums found to be in excess of the risks. These returns, which originally varied with the profits of the year, are now fixed at the rate of 25 per cent. They are paid out of a fund specially provided for the purpose, and take precedence of the Dividends to the Shareholders. The Insured are exempt from all personal liability.

The following Table contains the Names of some of the Policy-holders in Glasgow who have participated in the Returns:—

# TRINITY COLLEGE,

## GLENALMOND,

### PERTSHIRE.

---

WARDEN—THE REV. W. PERCY ROBINSON, D.D.

---

THE system of Education at TRINITY COLLEGE is adapted to prepare boys for the Universities, the Military Colleges, the Civil Service, or for general or professional life. They are admitted at any age between nine and nineteen.

The whole school is divided into three different sets of classes. The first set is arranged by proficiency in Classics, with which are united English History and Geography; the second by proficiency in Mathematics and Arithmetic; and the third by proficiency in German and French; the teaching of the latter language being extended to the youngest boys.

After having acquired an elementary knowledge of Greek, boys may (if it be desired) exchange the further study of that language for the work of the "Modern Side," which includes Modern Languages, Mathematics, and Book-keeping, English Literature, Modern History, Physical Science, &c., &c.

A speciality of Trinity College is the preparation of boys for admission to Woolwich, to the examination for which they proceed direct from the school. Special instruction is provided for these boys in Mathematics, English Literature, Modern Languages, &c., &c.

Military Drill is taught by means of a School Rifle Corps regularly attached to the 1st Perthshire Administrative Battalion Rifle Volunteers.

Every boy may learn Vocal Music; and lessons are given on the pianoforte and organ, if desired, at an extra charge.

To parents who desire a singularly bracing and healthy air for their boys, Trinity College offers peculiar advantages.

Full information, together with rules of discipline, descriptive account, and view of the College, sent on application to the Warden.

"Few modern foundations, if any, can compare with Trinity College, Glenalmond, as a training place, moral and intellectual, for growing boys. To say nothing of its noble buildings and ample appliances of every kind, its position in the heart of beautiful scenery, and removed from the manifold evil influences of a town, secures for the pupils, at a time when their characters are being formed and moulded for life, the maximum of healthy freedom, combined with a minimum of temptation to vice or frivolity."—*Scottish Guardian*.

# FINLAY M'DIARMID,

WHO has been upwards of twenty years in the service of Messrs. J. & R. TENNENT, WELLPARK BREWERY, Glasgow, begs to inform his friends and the public that, as Messrs. TENNENT bottle only for exportation, he has opened those extensive premises at 44 RENFREW STREET, called the CITY OF GLASGOW BOTTLING STORES, for the bottling of their world-famed Pale Ale and Stout, for home use; and from his knowledge and long experience, he trusts soon to make this brand as popular at home as it has so long been abroad. To ensure the public getting their liquors genuine, as bottled by him, a Patent Capsule is put on each bottle.

All who have travelled abroad know that the Messrs. TENNENT's Beer and Stout are preferred to any other, and it is to make the Red T brand as well known in Glasgow as it is in Asia, Africa, and America, that F. M'D. has ventured upon this undertaking.

The Stores were built in the beginning of last year, and are fitted up on the most approved principle, having great facilities for cleanliness, and an apparatus for keeping an even temperature in the coldest weather, so that parties can depend on getting their Beer in rare condition at all seasons.

## REVOLUTION IN THE FAMILY TRADE!

These Stoneware Casks are so neatly got up that they may stand on a shelf in any apartment, and nothing can be drawn therefrom without the key, which is handed on delivery. The empty is removed, and at the same time replaced by a full one, without any trouble to the purchaser.

The superior tonic properties of the Pale Ale, the rich nourishing quality of the Stout, and the purity of both, are highly appreciated by the medical profession.

**Copy of an Official Report of Captain THOMAS CONNELL, Manicouagan Light Ship,**  
*To the Agent of the Department of Marine and Fisheries, Quebec, Canada.*

“On the 8th of August, finding that the Ship was not riding as easy as she should, and that there was a jerking or surging on the anchor chain, I determined to heave up anchor in order to ascertain what was the matter. After heaving in about 100 fathoms, I found that there were ten or twelve hitches in the bite of the chain, which I cleared, and when I succeeded in sighting my anchor, ‘Trotman's Patent,’ which was only on the 11th August, I discovered that there were two turns of the chain around the stock and the flukes of the anchor. Had I not taken this precaution before the stormy weather set in, it is possible that this circumstance might have caused the loss of the ship, myself, and crew.

“I replaced this anchor with ‘Martin's Patent Self-canting Anchor,’ with which your forethought had provided the Ship, and from that time till I left the Station, the vessel rode with ease and safety and clear anchor. I have already alluded to the service rendered by this anchor off ‘St. Denis’ in coming to Quebec, and I will merely add that after 30 years' experience on board of ships of all sizes and tonnage, with every description of anchor, riding in strong tides, I must certainly give the palm to ‘Martin's Patent,’ for superiority in every respect to any I have ever tried. The Martin's Anchor referred to weighs 25 cwt., and replaced an anchor of 60 cwt. with the above result.

(Signed) “THOMAS CONNELL.”

# CAPTAIN M'PHERSON'S

PATENT APPARATUS FOR

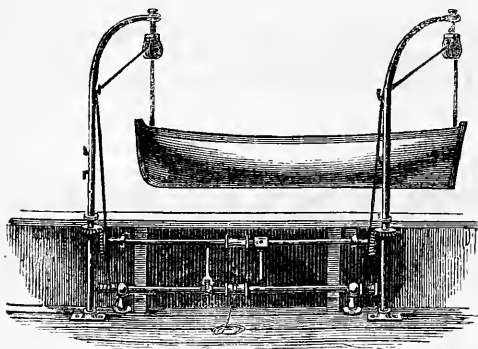

LAUNCHING, DISENGAGING, AND LOWERING SHIPS' BOATS.

CHIEF AGENTS—

SCOTT & MONTGOMERIE,

29 WATERLOO STREET, GLASGOW.

Where Model may be seen and full particulars and prices can be obtained.

THE superiority of this Apparatus may be gleaned from the following facts. For Launching and Lowering the Boat very little Manual Labour is required. One man ONLY is needed to Launch and Lower the Boat with Crew, Passengers, and Stores on board, and he can do this either from the Ship's deck or he can be in the boat himself.

The cost of fitting up this Apparatus in any ship will be inconsiderable, as it can be adapted to the davits now in use. A boat on the "chocks," manned and provisioned, can be launched and lowered by this apparatus in 15 seconds.

CAPTAIN M'PHERSON has already had high recommendations from members of the British Association, the Social Science Congress, Naval Officers, Merchant Captains, Ship Owners, and the Institute of Engineers and Shipbuilders of Scotland.

The boat is fitted with two "painters" of the same length, one at the bow and the other at the stern. These "painters," by a simple contrivance, can be lengthened or shortened to fit a ship high out of the water or deeply laden. It is by means of these "painters" the boat is lowered. They are rove through the ordinary blocks in the davits, each wound round a drum fixed on a revolving horizontal shaft, which is fixed on the coverboard or gunwale of the ship, and the end of each "painter," forming a bight or loop, is passed over a pin on the drums. The horizontal shaft, which is under the control of the man who is lowering the boat, is allowed by him to revolve, the "painters" are payed off the drums, the bights or loops fly off the pins through the blocks on the davits, and all is clear. Three important objects are thus attained. First, the "painters" being of the same length, the boat descends even keel. Secondly, by the simple contrivance already mentioned, the boat will always be clear when twelve inches from the water; and Thirdly, there is no complicated gear about the boat, not the slightest possibility of a foul. Another very simple and ingenious part of the apparatus is getting the boat outboard. There is fixed to the stanchions another horizontal shaft, the ends of which are furnished with bevel or meter wheels, fitted to similar wheels on the davits. In the centre of this shaft there is a wheel or hand-spoke. The man who is about to lower the boat first sees her clear of the ship's gunwale, by pulling on a rope, called the break-rope, wound round a drum on the shaft on the cover-board of the ship. Then holding on to the break-rope with one hand, he gives half a turn to the wheel or handspoke with the other hand, the davits revolve, and the boat is shot outboard. For hoisting out the water, a spare set of single "painters" is rove through the blocks, ready for taking the boat inboard again, and is hoisted by a ratchet and break-rope. This arrangement does away with the old "Falls" completely.

# WESTERN INFIRMARY

OF

## GLASGOW.

(For list of Managers, Medical Officers, and other particulars, see page 123 in the Appendix.)

### STATEMENT AND APPEAL.

I. The Western Infirmary was opened in the beginning of November, 1874, and conclusive evidence has been afforded that the wants of the community urgently required this additional Hospital. Although the Royal Infirmary continues full of patients, the accommodation both in the Surgical and Medical Wards of the Western Infirmary has been taken advantage of as quickly as it was ready; and with the exception of a few beds always reserved for cases of accident, the house is full.

II. There are no funds on hand for the maintenance of the Institution, except such as are provided from week to week by the voluntary liberality of the Citizens of Glasgow and its vicinity. The cost of maintaining the Western Infirmary is estimated at £10,000 per annum, and the Managers cannot doubt that the community will cheerfully contribute what is required for this purpose.

III. The Managers take the liberty of drawing attention to the subjoined Form of Bequest, in the hope that from that source they may be enabled gradually to accumulate a special fund from the investment of which, in so far as it is not required for contingencies, a considerable supplementary revenue may in time be derived.

### FORM OF BEQUEST TO THE WESTERN INFIRMARY.

I \_\_\_\_\_ of \_\_\_\_\_ do hereby leave to the WESTERN INFIRMARY OF GLASGOW, free of legacy duty and charges, a Legacy of \* \_\_\_\_\_ pounds sterling, which I authorise and direct my Executors to pay to the Treasurer or any two of the Managers thereof for the time being, upon his or their receipt, which shall be a sufficient discharge.

Dated at Glasgow, this \* \_\_\_\_\_ day of \_\_\_\_\_ Eighteen Hundred and Seventy \_\_\_\_\_ years.

(Testator's Signature).

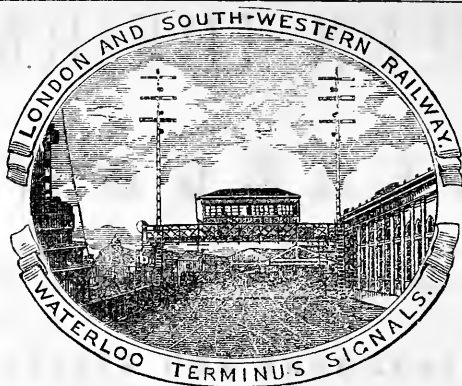

\* Sum and Date to be expressed in words, not in figures.

Meantime, Funds are urgently required and earnestly solicited for the upkeep of the Infirmary, and all Annual Contributions and Donations sent to the Subscribers in answer to this appeal will be thankfully received and duly acknowledged.

BEGS to introduce to the notice of his Customers and the Public, his most recent improvement in WRINGING MACHINES in Iron and Wood Frames; and while not claiming to himself any great originality in construction, still, from his long experience of Laundry requirements, and having devoted a considerable amount of time and money towards perfecting those helps for the Washing-

day, he is confident in saying he can now supply a really efficient Machine at a price which will stand favourable comparison with the best Makers—English or Scotch.

W. M'F. strongly recommends Ironmongers and the Public generally, before selecting their Laundry requisites, to call and see his various appliances, and compare them with other makers.

## M'CONNEL'S PATENT IRON GIRDER FOR BUILDING PURPOSES.

**THESE** Girders are admirably adapted for supporting and stiffening the floors of Dwelling-Houses, Warehouses, Public Buildings, and other structures.

From the peculiar manner of their construction, which admits of the Joists passing through them, they are completely hid in the ceiling, and at the same time form a tie to the building, while their great strength renders the use of Pillars almost unnecessary.

Being put up in Sections, they are especially useful in alterations, and where the floors have sunk, as they can be put into the floor with little inconvenience, and the deflection removed without altering the appearance of the ceiling.

Their efficacy has now been thoroughly tested, a very great number of them having been fitted up in all kinds of Buildings with complete satisfaction.

This Belt has been in use for a number of years, and has given the utmost satisfaction, many having been induced to use it through the recommendations of others who had experienced its usefulness.

Its peculiar shape prevents it from shifting, and it is well adapted for an Accouchement Belt. Being laced at both sides, it will fit any shape of body without overpressing any one part. The Belts are made of Silk and Cotton Elastic, with fine Hogskin Mountings, giving great support to the Back.

Parties in the city can be waited upon by an experienced lady, who will take the requisite measurements; those at a distance can obtain a perfect fit by sending an exact measurement, as shown above.

The many Testimonials which I have received from those who have experienced the beneficial results through their having used it, thus induced me to bring it more fully before the Public.

From the "EVENING CITIZEN."

"MR. J. WALLACE, Surgeon-Dentist, 22 Dundas Street, Glasgow, has recently introduced the use of Nitrous Oxide. Yesterday, per invitation, we were present when Mr. Wallace extracted two teeth from a lady patient. The process, from beginning to inhale the gas till the teeth were out, occupied only 1 minute 45 seconds. The lady recovered immediate consciousness, and on asking if only one tooth had been drawn, she was agreeably surprised when told that both of her cutting ivories were gone. She described her sensation during the operation as a pleasing confused dream."

WINE MERCHANT AND COMMISSION AGENT,

**209 BUCHANAN STREET, GLASGOW.****GLACIALINE!****PRESERVATIVE FOR MILK, MEAT, AND ALL ARTICLES OF DIET.****T**HIS singularly efficient Preservative is of great value in FAMILIES, HOTELS, SHIPS, and PUBLIC INSTITUTIONS, as it prevents Milk, Cream, Beer, &c., from becoming Sour, and Meat, Poultry, Fish, Eggs, and all such perishable substances, from becoming Tainted.

It has been analysed by the Professor of Chemistry in Glasgow University, and his certificate, with others of gentlemen well-known in Medicine and Science, confirm the experience of all who have tried it, that it is a Preparation perfectly harmless in its composition and effective in its action. It does not in the slightest degree flavour the food which it preserves, and it has neither colour nor smell. It is, besides, so cheap that no household need be without it. But a single trial will sufficiently prove its value.

## BEGBIE'S PURE FLUID MAGNESIA.

THE valuable properties of Magnesia have been long and universally known. The use of Magnesia in the solid form has been very properly objected to, on account of its tendency to form dangerous concretions in the bowels. The introduction of the Fluid Magnesia has removed this objection, as it has been proved by eminent medical authorities that the use of this favourite Medicine in the liquid state is not liable to produce these concretions. It can therefore be used with perfect safety and incalculable benefit by anyone, and is specially adapted for Adult Females and Children.

This preparation is deservedly esteemed, possessing as it does all the medicinal properties of Magnesia, with more immediate action, and being administered in a more elegant and convenient form.

The continued use of Soda and Potash as antacids has been known to produce very serious results in the system. These agents can be entirely dispensed with, as the Fluid Magnesia is a more efficient remedy, and is perfectly free from the danger of causing injurious effects.

**WHAT'S IN A NAME?**

**A**S regards Articles of Clothing, nothing at all. And yet it seems fashionable now-a-days, especially amongst Shirtmakers, to give their Shirt some high-sounding name, as if to insure to the Public a good-fitting Shirt. Some years ago the Public may have been led to believe this, but they are now coming to know that it takes a long practical experience of the business to produce a perfect-fitting Shirt. We have, therefore, all along refrained from giving our Shirt a name, knowing that our long practical knowledge of the business (upwards of Twelve Years) would insure to those favouring us with orders a better fitting Shirt than a mere name without the practical knowledge.

**D. MINTO**

**D**ESIRES to intimate that he has now erected those new and extensive premises upon the old site of ground, Macpherson Street, with a frontage to that street, recently formed, called Græme Street, and has fitted up additional new Mills and Machines of different kinds, with every improvement, in order to facilitate the operations of his trade in its various branches. Some of those Machines may be specially mentioned—the Sugar Tabulating Machines, for converting Sugar loaves into Small Tablets. This is a new feature in the trade, which has become one of the requirements of the age, and has been met with marked success. Other Machines are in course of being completed, and nothing shall be wanting to meet the demands of Grocers, Confectioners, Biscuit Manufacturers, Druggists, Dyers, Drysalterers, &c., &c.

GLASGOW, Græme Street, May, 1875.

**THE COFFEE PLANT**, "*Coffea Arabica*" of Linnæus, is an evergreen, and, as may be inferred from its scientific name, is a native of Arabia. It produces a pulpy berry about the size of a small cherry, inclosing two seeds, which, separated from their pulpy envelope, form the well known Coffee beans of commerce. It may be remarked as a singular fact, in reference to Coffee, that while all of the vegetable kingdom that have been taken under the care of man have been improved, it alone asserts its independence; for although cultivation may greatly enlarge the crop, it as certainly at the same time deteriorates the flavour, and the produce of the wild plant still maintains the highest figure in the market. It is well known that Coffee would be of no real value were it not properly roasted—a process which, as it requires much skill, is only to be acquired by experience. How, man became acquainted with the fact that the tasteless seeds of a berry, when roasted, ground, and infused, would form a grateful beverage, will most probably remain a secret to the end of time. That the development of its useful properties depends wholly upon the roasting, is evident. About two hundred years ago Coffee was first introduced into England, since which its consumption has steadily increased, and deservedly so, when its medical properties are considered, it having been found useful in headaches arising from a particular state of the stomach, and much benefit having been derived from its exhibition in cases of asthma.

A French scientific gentleman, who has directed his attention to this subject, says:—"I have found that Coffee is better roasted, and more of the aroma retained, when a double cylinder is used—the air between the interior and exterior cylinders acting as a non-conductor of heat. It is done more uniformly, while the essential oil on which the aroma depends is less liable to be dispersed than when exposed to the fierce heat of a fire in a single cylinder."

In the double rotatory globular method of roasting as practised at Mr. MINTO'S Works, Græme Street, Glasgow, the above principle is acted upon, inasmuch as the globe (which has superseded the cylinder since the application of steam-power to this branch) revolves in a medium of heated air, which, experience has shown, best prevents the dispersion of the essential oil, or aroma.

THE very great number of accidents which happen now-a-days, producing in many cases instant death, and in others serious injury to life and limb, must have been noticed by all who take an interest, or an active part, in the busy ways of men. It has been frequently estimated that about Two Millions of accidents happen each year among the population of Great Britain; and it is the experience of the various Assurance Companies, in this and other countries, that about one person in every twelve insured sustains an injury of some kind or other in the course of a year. No class of the community is exempt from accidents. The Professional, the Commercial, and the Manufac-

turing Classes have alike experienced the benefits of providing against the pecuniary losses sustained by accidents.

It is, of course, impossible to find a perfect substitute which shall yield complete satisfaction for the injury done. The utmost compensation is found to consist in providing a sum of money to the dependants if the injury has terminated fatally, or, if only disabled, to find such an allowance as shall assist in recouping the pecuniary loss sustained through the injury. For this purpose the SCOTTISH ACCIDENT INSURANCE COMPANY (LIMITED) has been established. In consideration of certain payments it undertakes to insure a sum of money to the representatives of any person who may meet with an accident which shall terminate fatally, or a weekly allowance during total or partial inability on the part of the insured to follow his usual occupation, should such accident not prove fatal.

**EXAMPLES.**—(1.) A person exposed to no other than the ordinary risks of accident, for an Annual Premium of £1, 5s., can insure £1000, payable in the event of his Death by Accident in the United Kingdom or on the Continent of Europe, or while crossing the English or Irish Channels.

(2.) An Annual Premium of £2, 10s. will insure £1000 in the event of Death as above, but should such Accident not prove fatal, a Weekly Allowance of £5 during Total Disablement.

(3.) An Annual Premium of £3, 10s. will insure £1000 in the event of Death as above, but should such Accident not prove fatal, a Weekly Allowance of £5 during Total Disablement; and in addition, a Weekly Allowance of £1, 5s. during Partial Disablement, should such Disablement not be Total.

---

*Notice of any Claim* against the Company in respect of an Accident must be sent to their Head Office within seven days after the happening thereof.

In the event of an Accident proving fatal within Three Months of its occurrence, the sum insured will be paid ONE MONTH after proof of Claim.

---

*The Weekly Allowances*, in the event of Disablement, whether Total or Partial, or both, shall continue during such Disablement only, and in no case beyond Twenty-Six Weeks for any one Accident, and are payable in one sum.
